NO PENALTY FOR FALSE STARTS AT STOCKHOLM

Swedish Olympic Secretary Explains Rules—Best Men Divided in Heats.

N. H. Crow, secretary of the Canadian Olympic Committee, received a letter on Tuesday from Kristian Hellstrom, secretary of the Swedish Olympic Committee, explaining several of the rules which will govern the Olympic meet at Stockholm next summer.

When the rules reached Toronto some time ago many of them were so worded that they were far from clear to the minds of the Canadian authorities and athletes.

The explanation forwarded by Mr. Hellstrom will clear the atmosphere and enable the athletes and their trainers to know exactly what is expected of them when they enter the competitions.

Following are the rules as explained in the letter:

A competitor must personally ask permission from the judges in order to have an attendant accompany him in distance races.

The Marathon course will be a hilly one. No attendance will be allowed to accompany the competitors. Arrangements will be made all along the course for the purpose of giving the competitors any assistance or information they may require.

There will be no penalty for a false start.

A take-off joint at least thirteen centimetres in width and at least one metre in length and thirteen centimetres thick will be used.

Only implements furnished by the Swedish Olympic Committee will be allowed in the weight-throwing events.

Each competitor must remain within the circle until his throw has been marked. No competitor may touch the ground outside the circle with any part of his body.

The contestants in jumping competitions will be allowed to measure in advance, and also to put a mark at the distance they have measured.

An iron shot will be used in putting. The 30-metre run, in the pentathlon, will be run in small heats and the time taken for each competitor.
