After the Pack. Next Monday evening the Victoria Hockey Club will organize for the ensuing season. It is proposed to have a senior team only this winter and arrangements already made are said to ensure every reasonable prospect of success.

It is also said some of the players secured, but it is known that certain well-known puck players in Montreal and Ottawa are contemplating a removal to this city during the coming winter. ## THEY COULD NOT KICK A GOAL

Varsity and Dentals Play for The Faculty Cup.

THE SCORE WAS 0 TO 0.

Association Football in Rain, Mud and Snow on the Campus.

Two Goals Buried and Darkness Helped to Stop the Game—Varsity, Intermediate Champions, and the Hamilton Tigers Play a Practice Rugby Match This Afternoon.

Varsity and the Dentals lined up yesterday afternoon to kick for the Faculty Cup, which represents the football championship of the Inter-Collegiate Association Football League. There was no result, and the committee has ordered the teams to try again next Tuesday.

The game was played on the Varsity campus under a small crowd, a very few of whom submitted to the small fee demanded at the gates. When they kicked off it was seen that the two sides were very evenly matched. The soft snow and drizzling rain made the ground unusually slippery, and the players rarely took the ball past the backs.

Half-time arrived with the score, and the teams re-started, both determined to win. Varsity made the better attempt, and a well-placed shot from Dixon's right foot was barely stopped by McKay. The referee then called a foul, and the game was stopped.
