THE INTEGRITY OF CHINA

Is the Overshadowing Question in the Orient, Says Prof. J. G. Schurman.

TO PREVENT DISMEMBERMENT

Should Be the Object of Great Britain, Japan and the United States—Fear of Russia.

Chicago, Aug. 15.—A special to The Tribune from San Francisco says: Dr. Jacob G. Schurman, president of the Philippine Commission, who arrived here from China last night, after being absent in the Orient since January, was seen by a correspondent for The Tribune, and asked for his views regarding the Philippines and the work of the commission. He said he could not say anything about the latter before making his report to President McKinley.

"As I said, however, to one of the great statesmen of Japan," he continued, "after I had seen something of the Orient, it seems to me that the great question there is not Formosa nor the Philippines but China."

Hold China Intact.

His eyes lighted up at this, and he went on: "Englishmen out there and in Japan, as well as the Government of Great Britain, feel that to hold China intact is the thing of overshadowing importance.

"It is feared that, now that Russia has taken Manchuria, it will try to encroach gradually on some or all of the other 18 Provinces of China, and when it gets them it will do as that country has done hitherto —put a duty on all foreign goods.

"Englishmen and Japanese feel that America should hold with them in preventing the dismemberment of China. It is felt out there that almost anything is liable to happen in the Orient in the next half-dozen years. It is a momentous situation.

Undoubtedly a Fear of Russia.

"Englishmen there feel that their own Government is not quite as strong at the present time as it should be, nor as it used to be. There is undoubtedly a fear of Russia.

"I met Marquis Ito, the greatest man in the Orient. I was also with Count Okuma. He has been Prime Minister of Japan. I also met Viscount Aoki, who is the Minister of Foreign Affairs. I was with Admiral Count Kabayama, their Dewey in the Chinese-Japanese war, who was afterwards Governor of Formosa and who is now in the Cabinet.

China's Future the Great Question.

"Everywhere, and at all times, with these statesmen, it was recognized that the future of China was the one overshadowing question. China, it was agreed, should maintain its independent position, but its doors should be kept open. It means much to England and Japan, and not less to America. There is a hope in the Orient among leading men that China itself may become aroused, so that it may itself hold its domain intact. But it is not yet sufficiently awakened. That is the sad phase of it.

"The Chinese are a patient, industrious people. They can live in any climate—away in the Arctic or far south in the tropics. They can make money anywhere. Such a race, it is felt, ought to arouse itself in this dilemma, but we shall see. Nobody can tell what will happen."

Too hot
To sleep?

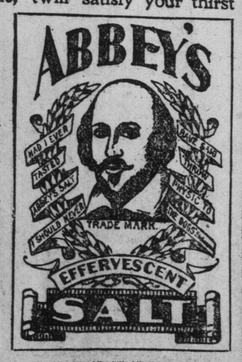
The oppressive heat of summer keeps many a one tossing all night on a sleepless couch, and so drowsy and listless in the day time that work is impossible.

This kind of thing will run down the strongest constitution. A teaspoonful of

Abbey's Effervescent Salt

in a tumbler of water, taken night and morning, will keep the blood cool, invigorate the system and bring restful sleep at night.

Drink it at any time, 'twill satisfy your thirst and refresh the system.



The Canadian Pharmaceutical Journal says:

"We have tried Abbey's Effervescent Salt, and find it an excellent compound. It was most favorably commented upon by the medical profession at the meeting in Montreal of the British Medical Association. The Company was not afraid of submitting it to the criticism of medical men. All were invited to sample and pass judgment on it. This was invariably favorable, some expressing the opinion that it was superior in points to any other on the market. A morning draught of this stimulating preparation will send a man to his daily occupation invigorated and ready for any task."

TOO HOT FOR MR. SAM BLAKE

A Nice Ritualistic Squabble at Murray Bay, Summer Home of the Bon Tons.

HOW A SECOND CHURCH WENT UP

The Toronto Lawyer Explains Why He Would Not Attend the Service.

Quebec, Aug. 15.—(Special.)—The Hon. S. H. Blake, the Rev. Dr. Rainsford, the Rev. G. A. Kuhring and the Right Rev. Dr. Charles Hamilton, Lord Bishop of Ottawa, figure prominently in a church difficulty which is at present engaging a large share of the attention of the summer residents at the charming seaside village of Murray Bay. By reason of the many summers that they have resided at their cottages at Murray Bay, the Hon. Edward Blake and the Hon. S. H. Blake have become as closely identified with this fashionable watering place as the late Sir John A. Macdonald was with River du Loup. As long ago as 1895, Hon. S. H. Blake was one of the parties to the original agreement for the erection of a union church at Point a Pic, adjoining Murray Bay. In the building so constructed Sunday morning and evening services have been alternately held during the summer season for over 30 years by clergymen of the Church of England and Presbyterian communions.

Would Not Consecrate It.

When the late Bishop Williams of Quebec declined to consecrate the building some years ago, on the ground that it was not entirely devoted to the services of the church, Bishop Bond of Montreal was invited by Mr. Blake to officiate, but declined upon learning that his right rev. brother of Quebec not only objected to his doing so but was ready to appeal against such proposed invasion of his diocesan authority to the Provincial Synod. For some time the Bishop of Quebec licensed the Rev. M. M. Fothergill, then of Quebec City, to conduct summer services at Murray Bay. Quite lately the Anglican services in the union church have been conducted by the Rev. G. A. Kuhring of Toronto, whose diocesan is the Lord Bishop of Toronto, but without any license to so officiate there or anywhere else in the Diocese of Quebec from its official head, the Bishop of Quebec.

High Churchmen Come in.

An immense number of American visitors, many of them people of very large means, have cottages of their own at Murray Bay, and spend the summer there. Some few of these are of extreme high church tendencies, and have been quite dissatisfied for some time past with the lack of ritual and general style of the services conducted by Mr. Kuhring, under the direction of the committee, composed of Mr. Blake and his friends. A deputation of the high church party waited some time ago upon the Bishop of Quebec, and, with his hearty concurrence and warm approval, have erected a little church called "St. Anne's-in-the-Field." Some of these people are parishioners and more of them warm admirers of the Rev. Dr. Rainsford of New York, formerly of Toronto, who is spending his summer vacation at Murray Bay, and who is giving his warm support to the new church. Its altar ornaments and colored vestments are extremely handsome and are chiefly gifts of the Minturns and other wealthy American families of the congregation. The dedication took place on St. Anne's Day, the 26th July. Rev. A. J. Balfour, rector of St. Peter's, Quebec, is the clergyman in charge, having been appointed by the Bishop of Quebec. Rev. Dr. Green of Calvary Church, New York, preached the dedication sermon, and amongst those present in the chancel was Bishop Hamilton of Ottawa.

An Invitation to S. H. Blake.

A few days prior to the dedication ceremonies Mr. John Rathbun Oliver, one of the prominent American members of the new congregation, sent the following invitation to Mr. Blake:

"Point a Pic, July 21.

"My Dear Mr. Blake:

"The little church of St. Anne's-in-the-Field is to be dedicated (D.V.) on Wednesday of this coming week at 11 o'clock. We very much hope that Mrs. Blake and yourself will be able to be present, as well as any other members of your household that may care to come.

"I should be glad to have the name of the clergyman who is now conducting the Church of England services for the Union Chapel. I should like to ask him to be present at the dedication and give him a seat within the sanctuary rail. Hoping that you will do us all the pleasure of being present on Wednesday, believe me always sincerely yours.

"John Rathbun Oliver."

Mr. Blake's Reply.

Mr. Blake promptly returned this reply: "My Dear Mr. Oliver,—I am in receipt of your note of to-day's date, and thank you for your intended kindness. At the same time, I cannot but feel annoyed that you should suppose that I would be present at the opening of your little chapel. At a time when, and in a country where, it is of immense importance to show the reality of the unity that exists amongst all believers in the Lord Jesus Christ, and when a church has been erected and services have been carried on for over 30 years, to testify to this great truth, I cannot but feel that it is a wicked act to endeavor to break up this state of matters, and to seek to introduce a spirit of discord. If this be not the sin of schism, it is perilously near it. This act is the more to be regretted in the present case, as I understand the building in question is erected to the memory of a departed relative. One would have thought that at least over the grave hands might have been shaken and differences have been forgotten, instead of empnasizing them by the erection of this monument to them. The Rev. G. A. Kuhring is the clergyman at present conducting the Church of England services in the Murray Bay Protestant Church. Faithfully yours, S. H. Blake."

Mr. Blake himself has printed both letters and circulated them amongst the summer residents of Murray Bay and Point a Pic, followed by lengthy strictures of his own upon "the Bishop dressed up in the gew-gaw adornments of the Church of Rome; with mitre and all sorts of millinery hitherto unknown to our Reformed Church —altar lights, wafer bread and fasting communion."

This subject is the foremost topic of conversation amongst the sojourners in the place.

LIBRARIES STILL CLOSED,

Notwithstanding the Resolution of the City Council on Monday Evening.

INSPECTING THE PUBLIC WORKS.

Crowds Visit the New Buildings — Contamination of the Bay— Notes From the Hall.

There was a constant stream of visitors at the new City Hall yesterday. This is probably owing to the opening of the front doors and the free admission of the public. The taxes are also paid here, and nearly the whole of the city business is now transacted in the new building. Citizens and visitors are profuse in their praises of the beauty and convenience of the buildings, which will be nearly completed by the time of the official opening, the third Monday in September.

Official Inspection.

Controllers Woods and Burns spent the greater part of yesterday in an official tour of inspection of the pavements and other public works under construction. Much progress has been made since the last inspection, July 21. Dilatoriness was noted in respect to some of the works, and the City Engineer will be asked to call the attention of the contractors to this fact.

Now in Full Possession.

The officials of the City Treasurer's Department are now located in the new City Hall. The Waterworks branch took possession of their new quarters yesterday morning. Mrs. Pearson of Bleeker-street was the first to pay her water rates to Receiver Gilby. Ald. Dunn, chairman of the Property Committee, objected to the unsightly temporary counter for the receipt of taxes, and had the structure removed after office hours on Monday.

Preparing for the Colonel.

Architect Lennox has informed Police Magistrate Denison that the Police Court in the new municipal buildings will be ready for occupancy in the first week of September. In every respect the new premises will be superior to the present court room.

Branch Libraries Not Open.

The branch libraries at St. Paul's Hall and St. Andrew's Hall were not opened, as expected, yesterday. The reason given is the absence of Librarian Bain from the city, as well as several members of the Library Board. The Board of Control has pledged itself to find the necessary sum for the reopening, but it is probable that nothing further will be done until the Library Board meets in the course of a day or two.

His Worship's Correspondent.

Josephine Fogg, whose name and address are not to be found in the city directory, has written the Mayor an effusive epistle, congratulating him on his suggested festival programs for the opening of the new City Hall. As the letter was received four days after the Board of Control had placed its veto on the free feast, the verbose writer, who speaks of silver and gold dishes and contributions of pie and cake from ladies, is surely indulging in sarcasm. She caps the climax when she writes: "I remain yours in love, purity and good wishes in the rising of a new generation to sobriety and honesty."

Object to the Oil.

A deputation of members of the Royal Canadian Yacht Club, headed by Commodore Jarvis, waited on Ald. Bowman at his Island residence and complained of the large quantity of oil and objectionable matter floating on the bay. The aldermam officially brought this complaint to the Mayor's notice yesterday, and a remedy will be sought for.

Want Five Hundred Dollars.

Street Commissioner Jones has written to the City Engineer that $500 is owing on the Island Park sidewalk, recently built. His appropriation is exhausted, and it remains with the Board of Control to make up this deficiency.

Official Visitors.

W. T. Irwin, City Attorney, and Newton Charles Dougherty, Superintendent of Schools, both of Peoria, Ill., were visitors at the Mayor's office yesterday. They expressed their admiration of the magnificent pile.

To Visit Stouffville.

Mr. F. Spofford has invited the Mayor and members of the Council to be present at the ceremony of laying the corner-stone of the new market and town hall at Stouffville next week.

Alma Ladies' College, St. Thomas, Ont.,

Suggests to parents seeking a good school consideration of the following points in its methods:

1. Special healthfulness and care of health.

2. Broadly planned courses of study, with thoroughly competent staff of teachers. Scholarship in college course, music, fine art, elocution, business and cookery, always associated with thought for home and womanly life.

3. Home-like air and character, good board, cheerful rooms, personal oversight in habits, manners, care of person and room.

4. Very moderate rates and superior comforts and advantages.

For illustrated catalogue, address Rev. R. I. Warner, M.A., Principal.

Icehouses Burned.

Windsor, Ont., Aug. 15.—A fire of supposedly incendiary origin destroyed the large icehouses of the T. Bell Ice Company, at Sandwich, last night. The buildings had been nearly emptied of their contents, and the fact that passersby saw no signs of fire 40 minutes before the entire group of seven buildings was in flames points strongly towards incendiarism. The buildings were owned by Fitz Bridges, of this city, and were valued at $2000; partly insured.

Boatmen's Wages Increased.

Cleveland, Ohio, Aug. 15.—At a meeting of the Executive Committee of the Lake Carriers' Association to-day the wages of all the men employed on the boats, from second mate down, were advanced 10 per cent.

WOMEN A. O. F. IN SESSION

Nearly Thirty Delegates Will Meet for Two Days in Their Hall on Queen-Street.

HIGH CHIEF COMPANION'S REPORT.

A Dinner at the Island at Night—A Cash Balance on Hand—Today's Events.

The female branch of the Ancient Order of Foresters, known as the High Court Companions of the Forest, began a two-days' convention in the hall at the corner of Queen-street and Spadina-avenue yesterday. About 30 delegates are in attendance, and the meeting is presided over by High Chief Companion J Wills of Montreal.

Civic Welcome.

Shortly after the meeting opened, Ald. J. J. Graham extended to the visitors the city's cordial welcome. He also invited the delegates to a carriage drive around the city, which was accepted.

Committees from the local circles also welcomed the delegates and gave a complimentary banquet to them at the Island in the evening.

High Chief's Report.

The first order of business was the reading and discussion of the report of the High Chief Companion. It said that during the past term it has been difficult for any society to do more than hold its own. The reason is hard to determine; and the progress of the branch in membership has not been so pronounced as was generally anticipated. Two new circles have been instituted, No. 133, Truro, N.S., and No. 134, at St. John, N.B., and there are some prospects of other circles being opened at an early date.

At the High Circle meeting in Sarnia, the funds of the order stood as follows: High Circle funds, $2707.03; Sub. Circle funds, $4586.94; a total of $7334.87; membership, 1784; 36 circles.

As at June 30, 1899: High Circle funds, $3153.66; Sub. Circle funds, $5272.62; a total of $8426.28; membership, 1562; 34 circles. Circles dissolved or amalgamated: Bayside 77, Lady Dufferin [illegible], Evangeline 183., Lady Dufferin Circle having dissolved and surrendered their charter, the members desiring to be connected with the order were placed on the books of the High Circle, and remain members of the Companions of the Forest.

The Committee on the State of the Order reported that everything was in a satisfactory condition, and the prospects for the future were bright.

A Balance on Hand.

The report of the treasurer was referred to the Finance Committee, it showed that there was a balance on hand of $3153.66, and $1455.68 had been expended for funeral benefits and management.

The following committees were appointed:

Credentials—Richards, Calvert and Beard.

Finance—Buckingham, Murchison and Mrs Cripp.

State of the Order—J. Bernhardt, E. Bishop, E. Fuller.

Mileage—Vale, Bambridge and Buckingham.

Appeals—Richards, Calvert and Murchison.

The afternoon session was occupied in considering amendments to the constitution. No changes of importance, however, were made.

To-Day's Events.

To-night Maid Marion Circle will entertain the visitors at a reception.

To-day it is expected that all business will be completed, and the officers for the coming year will be selected.

STRICKEN WITH APOPLEXY.

Senator Hayward of Nebraska Was Unconscious Two Hours.

Omaha, Neb., Aug. 15.—United States Senator Hayward was stricken with apoplexy at Brownville, Neb. Senator Hayward was to have been one of the speakers at a Woodman picnic. He had just been called upon, and was on the point of rising when seized with an attack of apoplexy and fell unconscious. After two hours the Senator again became conscious, although his condition was still quite serious. There was a large crowd at the picnic, and the sudden illness of the Senator almost caused a panic.

VICIOUS LITTLE BOY.

Knocked Playmate's Eye Out Because He Was Refused a Piece of Cake.

Ottawa, Aug. 15.—Two Hintonburgh children each lost an eye yesterday. Mira Tapp, 5 years old, refused to give a playmate, a boy, a piece of cake, and he knocked one of his eyes out with a stone. The boy is 5 years old.

Another boy, Harry Devine, found a dynamite cap on the street, and struck it with a stone. The cap entered his eye, destroying the sight.

At Grimsby Park.

Thursday, Aug. 17, is Masonic Day at Grimsby Park, Canada's greatest summer resort. It is the centennial of Grimsby Lodge, A.F. & A.M. It will be a gala day on the grounds; large excursions are expected from all parts of Canada and from over the line. Addresses will be delivered at 2.30 in the afternoon by Grand Master Malone of Toronto, Mayor Maybury of Detroit, A. T. Freed of Hamilton, W. J. Drope of Grimsby, and other leading members of the craft. A large gathering of the Masonic fraternity is expected to be there, and this is a universal invitation to them in every point of the compass to visit the park on that day, and make it a fete time indeed. Boat leaves Yonge-street Wharf at 10 a.m. and 8 p.m. every day.

Pugilist Griffo Insane and Dying.

Chicago, Aug. 15.—Young Griffo, the once famous Australian pugilist, is dying in the Dunning Insane Asylum, where he was sent a few months ago. The physicians at the institution say he can hardly live more than a couple of weeks at the outside, as he has recently suffered a general physical break down and has become violently insane.

MR. JOHN R. SMITH,

A well known gentleman of Lake Stream, N. B., speaks willingly of the good effects of Laxa-Liver Pills.

Week by week and month by month the demand for Laxa-Liver Pills steadily increases.

The old-fashioned, nauseating, griping purgatives are being rapidly superseded by these easy-acting, non-irritating little fellows.

If you're troubled with biliousness, dyspepsia, sick headache, constipation, liver complaint, muddy complexion, blotches or pimples—just take a Laxa-Liver Pill or two before retiring—

They'll work while you sleep without a gripe or pain—make you feel better in the morning.

Mr. John R. Smith, Lake Stream, Kent Co., N.B., says: "From personal experience I willingly testify to the good effects derived from the use of Laxa-Liver Pills for sick headache and constipation."

When you find Laxa-Liver Pills do you good, do not hesitate to recommend them to your friends and neighbors, as a reliable remedy deserves to be widely known. Sold by all druggists at 25c. a bottle or 5 for $1.00.

HOT TIMES IN DERRY.

Irish Party Wrecked Methodist Church, Protestants Stoned a Catholic Chapel.

Londonderry, Aug. 15.—An Irish party wrecked a Methodist Church here yesterday evening, while its opponents stoned the Catholic chapel.

The Mayor has issued a proclamation empowering military officers to act as magistrates, and additional soldiers and police have been called out.

Riotous scenes began at Londonderry Sunday owing to the celebration of the anniversary of the relief of Derry, besieged by James II. in 1689.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. Those persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief and is a sure cure for the worst cases. ed

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually dispels worms and gives health in marvelous manner to the little ones.
