COAL SHORTAGE PREDICTED FOR COMING WINTER

Conservation Commission Advises Buying All Supplies At Once.

PRODUCTION VERY LOW

Purchase your coal now. There is going to be a shortage next winter, says the commission of conservation, in the following order, just issued: A survey of the coal situation by the commission of conservation proves that a coal shortage next winter, and possibly next autumn, is almost a certainty.

NOT ONE OFFENDER APPEARS IN COURT

Record Over Holiday—Tuesday Saw \$410 Paid in Fines.

Convicted holiday celebrators did not say, "Here, our citizenship," in answer to their names in police court this morning, because, for the first time within the recollection of Chief of Police Williams, whose memory of police court affairs can travel back as far as 40 years, there were no offenders in the prisoners' dock when the magistrate ascended the bench prepared to deal with a flock of boozedrinkers.

Centennial Celebration of Landing of Campbells Held By Descendants On Homestead in Caradoc Twp.

Headstones of Original Pioneers Unveiled and Draped With Wreaths and Cross—Members of Family From Distant Points Present.

Seldom has there been a ceremony as interesting as the centennial celebration of the landing in Canada of Malcolm and Mary Campbell, who sailed from Argyleshire, Scotland, held by their descendants, on the Campbell farm, lot 24, concession 6, Caradoc Township, on Tuesday. In the summer of 1819 the couple left the shores of Scotland in a small sailing vessel, and after a tempestuous voyage of more than two months landed at the Gibraltar of America—Quebec—from where they journeyed westward by land and water, arriving late in the year at what is now known as the village of Delaware. They crossed the River Thames to the Lobo side at Crow's Flats, where they spent the first winter. The following year they temporarily lived on lot 5, concession 6, Caradoc, where they spent the winter of 1820. In the summer of 1821 they moved to the south half of lot 24, concession 6, Caradoc, where they built a homestead which was the nucleus of the present Campbell farm. The homestead was built on a hillside overlooking the river. The headstones of the old couple stand side by side, the ceremonies were held by the descendants of the family. The headstones were unveiled and draped with wreaths and crosses. The ceremony was attended by members of the family from distant points. Expecting Strike, Girls Bring Lunch and Eat It In Park

Expecting that no street cars would be run today, owing to the threatened strike, many young women employed in local stores and offices, carried their lunch boxes to work today. At noon the majority of the girls journeyed to Victoria Park, where luncheon was served, and pedestrians in the vicinity were astonished to see the many picnic parties gathered together under the trees. However, the strike didn't happen, and the girls saved two car tickets each, incidentally enjoying the noon-hour outing, which may become a regular occurrence.

WARD THREE ASSESSMENT.—The assessment return for Ward Three, which was completed a few days ago, shows a total valuation, including the annexed districts, of \$3,862,822 compared with \$3,291,760 last year, a gain of \$570,862. The population total is 13,424, a decrease of 1,862 from the figures for 1918. This increase is explained by the fact that 1,600 soldiers quartered at Queen's Park during 1918 were included in the population in that year's return.

OBJECTS TELLING PROFITS COMMISSION USE OF HIS SALARY

Ottawa, July 2.—Vice-President and General Manager MacParlane of the Alberta Pacific Grain Company of Calgary has been requested this morning to tell the cost of living committee of the Commons the income he derived as manager of the company. He admitted that his salary was \$5,000, and a management commission of 5 per cent on the net profits was also allowed him. However, he would not state what he got personally, or who the others were who also got a commission. He was told he would have to give the information this afternoon.

The company was formed some six or seven years ago, and the story of its operation for six years was told in brief this morning. The authorized capital was three million dollars, half being 7 per cent preference shares, and the balance of 2,550,000 were issued, and E. B. Begg, ex-M.P., said the witness took 150 shares each, for which he paid \$500,000. He did not know for whom Mr. Begg bought this stock.

MOVIE WRITER HAS GAINED 28 POUNDS

Mrs. Cooper, Age 72. Says She Never Felt Better in Her Life—Tanlac Ends 25 Years' Trouble.

"The past winter was the first one I have gone through in fifteen years without having a gripe, and I attribute it to the fact that Tanlac built me up. The remarkable statement made by Mrs. T. A. Cooper, of 1147 Iola street, Los Angeles, in an interview recently.

"Mrs. Cooper, who is well known in the literary field, has been writing for some of the magazines for years. She also writes 'movie' stories, and is at the present time writing a special feature for one of our most popular screen actresses.

"When asked if she was willing to have her statement regarding Tanlac published, Mrs. Cooper said: 'Yes, indeed, and you may tell them that when I began taking the medicine I only weighed 98 pounds, but that I now weigh 126, making an actual gain of 28 pounds.

"For 25 years I have had catarrh in my head. Ten years ago the doctor reached my stomach and made me most miserable. I got so I could not eat at all without bloating all up and suffering for hours. The gas would press on my heart and bring on such awful spells of palpitation that I would almost faint. I was so nervous the least noise would startle me, and make me tremble like a leaf. I tried many different kinds of medicines, but gradually got worse, until I reached the point where I could not get around at all.

"I was almost a confirmed invalid for a long time, and not until last fall when I got Tanlac, was I able to find anything to help me. Well, almost from the time I began taking Tanlac I commenced to improve. Of course, when I found it was helping me I kept on taking it, until now I can eat and drink just anything I want. The gas has left my stomach entirely and my nerves are as good as ever, and while I am now 72 years of age I don't believe I ever felt stronger and better. The only medicine I keep in my house now is Tanlac, and the Laxative Tablets that come with it. I consider it the finest treatment for stomach trouble, and a wonderful condition there is, and I will be glad to tell anyone who cares to call me up where I live, or believe me, what I believe it will do for them."

CAPT. A. C. BARCLAY GOING TO CHICAGO

Resigns Position to Take Up Boy Scout Work.

Capt. A. C. Barclay, former organizer and inspector of cadet corps for the military district, has left London for Chicago, where he will be identified with the Boy Scout movement in the middle western states. During his period of service on the local headquarters' staff, Capt. Barclay was known in all towns of Western Ontario, his duties as inspector of cadet corps for Military District No. 1 keeping him in touch with all collegiate institutions and many public schools in and around London.

In addition to cadet work, Capt. Barclay had charge of all physical training work in normal schools in Western Ontario, and was chief examining officer of candidates for certificates in that work. Prior to his appointment to the local headquarters' staff, Capt. Barclay was on duty with the Military Y. M. C. A., and was a divinity student at Huron University.

Lieut.-Col. McCrimmon, former A. C. G. at Wolesey Barracks here, and recently in charge of the military district headquarters at Toronto, has succeeded Capt. Barclay as organizer and inspector of cadet corps for Military District No. 1.
