I am offering for sale at 15c Per Share a limited number of Fully Paid Non-assessable Shares in the California-Alberta Oil Company, and submit the following information in regard to the Company and of the territory in which the Company's holdings are situated.

Every intelligent investor who is looking for an opportunity to get in on the ground floor of a genuine oil-producing company, and who is desirous of making large, yet legitimate returns on a small speculation, should read and think over every word set forth herein.

This is a chance for quick profits, and I will explain why I think this stock is a good buy. The facts set forth herein call for intelligent digestion by those who read them. They are facts that can be read and analyzed by any one, whether they know anything about oil or not—even those with the remotest inkling of the vastness of the oil industry of California can see that the California-Alberta Oil Company offers something that is worth while.

Here is an oil company run by practical experienced oil men, who know the business thoroughly, and with its lands located in the heart of the best looking oil territory in Alberta.

What the Government Does for Us

The Government of Canada helps and encourages the Canadian oil producer in a way which no other government in the world does. By the "Petroleum Bounty Act" the Canadian Government agrees to pay a bounty of 1 1/2 cents per gallon upon all crude oil produced in Canada. Think what this would mean to California producers if they could get 1 1/2 cents per gallon for their oil in addition to the 60 cents per barrel which they are now selling it at the wells. We in Canada could sell our crude oil at the wells in Alberta for 25 cents per barrel and with the 1 1/2 cents per gallon bounty still be getting a far better price than any California producer.

The Company's Property

The property of the company is located in Northern Alberta, Canada, about 20 miles from Edmonton, and consists of 980 acres, and the fact that vast underlying beds of crude petroleum exist in this territory has been amply proved by the survey made by Director G. M. Dawson, of the Geological Survey of Canada, for the Canadian Government in this district in 1897 and 1898.

WANTED

Land in the vicinity of oil fields brings fabulous prices. Land in the Spindletop district of Texas was sold for over \$100,000 per acre. In oil districts in California land sells for from \$5000 to \$10,000 per acre, and with our large holdings our land alone will bring in huge returns to our shareholders as soon as oil is struck in the district, as it undoubtedly will be his year.

What It is Possible to Do in An Oil Producing Company

The Board of Directors of the Final Oil Company of Santa Maria, Cal., has issued a call for a meeting of stockholders to vote upon an increase of the capital stock from \$200,000 to \$2,000,000. The company is now paying 15 per cent. per month on its stock, and has paid over 500 per cent. up to and including June, 1909. From Oil and Petroleum Gazette, August, 1909.

Oil Stock is Certainly a Gamble. Read This:

"The most spectacular feature in the transactions on the Los Angeles and San Francisco Oil Exchange for June was the phenomenal rise made in the stock of the Fullerton Oil Company, which rose during the month from \$108 per share to \$180. It is understood among oil men that the reason for this is the fact that it is well known that the directors of this company intend to pay a large bonus dividend in addition to their regular monthly one."—From Bakerafield Californian, August 9, 1909.

94 CARS AT CITY YARDS

QUALITY OF CATTLE FAIR

Trade Fair at Steady Prices—
 Hogs, Sheep and Lambs Lower
 —Calves Firm.

The railways reported 94 carloads of live stock at the city yards, consisting of 1286 cattle, 2165 hogs, 204 sheep and lambs and 194 calves.

The quality of Ontario cattle received at these yards was common to medium, but there were 15 carloads of northwest cattle, among which were some of the best cattle of this class seen on the market for several weeks. Trade was fair at about steady prices for the quality offered. The market at the close was reported to be nearly all cleaned up, excepting the hog steers.

Butchers.
 George Rowntree bought 30 cattle for the Harris Abattoir Company, as follows: Butchers' steers and heifers, at \$4 to \$4.70; cows, \$3.50 to \$4.45; bulls, \$3.50 to \$3.50; feeding steers at \$4 to \$4.50.

Exporters.
 None on sale, excepting a very few bulls, which sold at from \$4 to \$4.50 per cwt.

Feeders and Stockers.
 Harry Murby reports trade steady to strong for good quality feeders, but common to medium stockers and light feeders are slow of sale. Mr. Murby reports the following prices: Best steers, 800 to 1050 lbs. each, at \$4 to \$4.50; best steers, 800 to 900 lbs. each, at \$3.50 to \$3.55; good steers, 700 to 800 lbs. each, at \$3.25 to \$3.35; common steers, \$2 to \$2.25.

Milkers and Springers.
 Receipts of milkers and springers were not large. James Armstrong & Son bought 20, for which they paid from \$35 to \$55.

Sheep and Lambs.
 The run of sheep and lambs was large and prices were easier, as follows: Ewes, sold at \$3.50 to \$3.85, or an average price of \$3.75; rams, \$2.50 to \$2.75; lambs, \$5 to \$5.50 per cwt., or an average of \$5.40 per cwt.

Veal Calves.
 Market steady for veal calves, at \$3.50 to \$5.00 per cwt.

Hogs.
 Wm. Harris reports prices of selects at \$7.15, fed and watered, and \$7.50 f.o.b. cars at country points. Mr. Harris reports many good framed, strong hogs, weighing from 110 to 180 lbs., that are not more than half fat. Farmers are certainly making a mistake in not finishing their hogs properly, for they can well afford to do so at present prices of hogs and grain.

Representative Sales.
 Corbett & Hall sold eight carloads of live stock, as follows: Butchers' steers and heifers at \$4 to \$5 per cwt.; 3 feeding bulls at \$2 to \$3; 1 export bull at \$4.50; 200 lambs at \$5.25 to \$5.50; 60 sheep at \$3 to \$4 per cwt.

C. Zeagman & Sons sold: 22 light butchers, 700 lbs. each, at \$3.20; 11 light butchers, 800 lbs. each, at \$3.12; 12 light butchers, 900 lbs. each, at \$3.05; 15 common cows, 800 lbs. each, at \$2.50; 80 lbs. each, at \$2.25; 12 light stockers, 700 lbs. each, at \$2.25; one deck common lambs, \$3 1/2 lbs. each, at \$5.25.

Dunn & Levack sold: 1 butcher, 900 lbs. each, at \$5.25; 2 feeders, 1000 lbs. each, at \$4.20; 11 butchers, 800 lbs. each, at \$4.20; 1 butcher, 800 lbs. each, at \$4.20; 10 butchers, 800 lbs. each, at \$4.20; 1 feeder bull, 1200 lbs., at \$5.25; 1 butcher bull, 1400 lbs., at \$5.25; 100 lbs. each, at \$2.75; 10 canners, 700 lbs. each, at \$1.50; 2 butchers, \$5.

Marbee & Wilson sold: 14 butchers, 1100 lbs. each, at \$5.25; 3 butchers, 1000 lbs. each, at \$4.75; 4 butchers, 900 lbs. each, at \$4.50; 3 butchers, 800 lbs. each, at \$4.50; 1200 lbs. each, at \$4.50; 2 cows, 800 lbs. each, at \$2.50; 100 lbs. each, at \$2.25; 1 bull, 1200 lbs., at \$5.25; 1 bull, 1400 lbs., at \$5.25; 20 lambs, 80 lbs. each, at \$3.30; 8 sheep, 125 lbs. each, at \$3.75; 4 sheep, 130 lbs. each, at \$3.75; 100 lbs. each, at \$2.75.

Wesley Dunn bought: 700 lambs at \$5.30 per cwt. and sheep at \$3.75 per cwt. E. Paddy bought 50 sheep at \$5.50 per cwt. 100 lambs at \$5.50 per cwt. Frank Hunsnett bought one load of butchers, 500 to 1000 lbs. each, at \$4.75 per cwt.

Market Notes.
 There were 15 carloads of northwest cattle—12 cars for Dunn & Levack, one car for Harris Abattoir Company, and one car for George Dunn.

Sheep and Lambs.
