

exertions of the people there still remains a debt of about £20 on the Parsonage; your Committee have voted toward its liquidation the sum of £15. Contributions to the Society, £14 3s.

**CHERRY VALLEY.**—Rev. W. Stewart reports that the attendance of the congregation has been good and their attention devout, and that his services, he has reason to hope, have been productive of the desired effect; that he has a very interesting Sunday School about 5 miles from the ferry; that the new church at Southport has been externally completed, and since July last, been, with a few exceptions, regularly opened for divine service; and that £15 has been paid toward the ministers salary. Your Committee have voted the sum of £7 10s, in addition to £10 given by the Ladies' Branch, towards the erection of the new church connected with this mission. Contributions to the Society, £8.

The Treasurer will now lay before you the Receipts and expenditure of the last year; and your Committee are encouraged to hope, from the increased efforts made in several of the country districts towards enlarging the annual income of your Society, notwithstanding the many local demands made upon them, that the labors of your Society are duly appreciated, and that the means placed at their disposal for benefiting the church of their fathers, even though they should be, as at present, laid out in building up her outward walls, and adding to her outposts, have not been injudiciously expended.
