Women Wanted ---who want charming homes

A charming home is the outward expression of a woman's sense of beauty—it is not the result of lavish spending. You can have a beautiful home—every room glowing with warmth and cheerfulness and decorated to harmonize with a general color scheme—if you use

Alabastine

"Alabastine" is the twentieth century finish—something vastly better than paper or kalsomine, because—

Wall paper is placed on a layer of paste—

This is nothing more or less than a nursery for germs and insects—

Besides most wall paper is saturated with arsenic in sufficient quantities to impair health.

Then ordinary kalsomine is bound to chip, blister, crack, peel or rub off—

It's base is only whitening and animal glue—a combination with no solidifying or sanitary qualities.

"Alabastine" has antiseptic properties—

Germs cannot live on or in it. Once the walls of a room are coated with "Alabastine" there is no necessity for re-decoration after sickness.

"Alabastine" has stood the test of time and is to-day more popular than ever—

It is more economical than either wall paper or kalsomine and far more sanitary.

Anybody can apply "Alabastine"—

Just mix with cold water and use a flat bristle brush.

With our numerous tints and white any color scheme can be easily and artistically carried out.

Free Stencils

Our staff of trained decorators will perfect any color scheme for you absolutely free of charge. Also supply free stencils exactly suited for your purpose. Your Hardware or Paint Dealer will supply you with "Alabastine." But write for full particulars and free booklet.
