Tel. Main 1869.

## FINANCIAL and COMMERCIAL

### GOLD EXPORTS FROM NEW YORK

The Stock Market Remains "Stale, Flat and Unprofitable."

NEW YORK, June 20.—There were few developments in the financial markets yesterday to which any significance was attached by traders generally, except the large engagements of gold for export, announced shortly after the opening of business and the failure of the Reading directors to take action on the dividend. The former, by which the total of our consignments of yellow metal to Europe is lifted to the handsome sum of \$15,000,000, would have had a definitely depressing effect upon security prices in all likelihood had not the market been just the stale, flat and unprofitable thing it was. So profound is the dullness into which security operations have fallen that it seems as if nothing less violent than an earthquake would arouse them. The situation in this respect is all the more suggestive of the general lethargy when it is borne in mind that the position of foreign exchange does not exclude the possibility of an extension of the export movement to Berlin as well as to London. Exporting held firm all day and ended at the level of Tuesday's closing.

### THE IRON MILLS TO BE KEPT BUSY

The Market is Dull, But the Plants are Well Supplied With Orders.

CLEVELAND, June 20.—The Iron Trade Review says: "With the coming of hot weather, mid-summer dullness has set upon the iron market so far as new business is concerned. With the exception of the usual shutdown of mills July 1 for repairs, activity of the plants will continue as orders on hand are ample to keep all the plants busy. The pig iron market is somewhat easier, prices for prompt shipment being lower, and in some cases concessions of from 25 to 50 delivery. No important transactions are reported and the injury is light, but users are urging shipments on contracts. The selling of billets by several large interests, which usually convert crude steel into finished product, has relieved the strain, but the demand is fully as great as the supply and prices have not changed. There has been considerable activity in the billet markets in Chicago. Effective July 1, many railroads will advance the minimum amount for a carload from 15 to 18 tons, and for this reason many buyers are increasing their orders in order to obtain the benefit of the lower rates and lower prices of carload lots.

### COPPER MARKET REMAINS STEADY

In copper metal circles a popular word nowadays is readjustment. It is a sad word, a word of harmony, of compromise, a word remote from the thought of disturbance. For some weeks the metal situation, as far as copper is concerned, has been quite devoid of significance. Dealers have dwindled almost to trivialities. Traders have forgotten how they used to feel when a thumping big transaction went through. But there has been one advantage in the lethargy of the market: consumers and producers have been able to get nearer each other and to grasp each other's ideas more firmly. Out of this may come "readjustment." But the best opinion in the copper industry is that no striking changes in price will occur this summer.

### NOTHING DOING IN WALL STREET

Although many of the developments of the day were of an unfavorable character, there was no fresh liquidation or active short selling started by reason of the adverse news. It seems clear that the bulk of the speculative liquidation has been completed and that the present time there are indications of slow and timid investment purchases from those institutions or concerns which are fortunate enough to have the funds at hand with which to buy. The prevalence of low rates of call money by no means indicates that there is an abundance of funds, but results simply because there is no demand for such funds. It is the practice of the great loaning institutions of Wall Street to maintain a certain percentage of their funds ready for any emergency and available in the call market. There is a scarcity, however, of time funds which would become all the more marked if there was any increase in the demand.

**Mrs. A. Y. Fenerty**  
FREDERICTON, June 22 (Special).—Mrs. A. Y. Fenerty, a half sister of the late Hon. A. G. Blair, died this morning at the residence of Mrs. George N. Segoe, in this city, where she had made her home for several years. She was 83 years of age.

### FIFTY MEN IN FIERCE BATTLE UNDER GROUND

Italians Led by an Irishman, Attack Austrian Workmen in Pennsylvania Tunnel Excavation.

NEW YORK, June 21.—Three persons were injured and three arrested yesterday in a fight between a band of Italian excavators and a party of Austrian concrete workers, some fifty in all. The riot occurred in the Pennsylvania tunnel excavation, West Thirty-third street at Eleventh avenue, shortly after noon yesterday. The battle ground was far beneath the surface and stones and other missiles flew thick and fast for a time. Curiously enough the Italians were led by their Irish friend, who is accused of starting the riot.

Dr. J. O. White, the physician employed at the excavation, described the work of the three injured workmen, no one of whom would go to the hospital. Policeman Mooney arrested the forerunner, Joseph Walsh, and Orazio Mabile, of No. 21 Juniper place.

### MISSION CHURCH

ST. JOHN THE BAPTIST  
Rev. J. E. Revington-Jones, priest in charge, pastoral festival A. D. 1907.

June 23, Eve of St. John the Baptist—Holy Communion (plains), 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

June 24, Feast of St. John the Baptist—Holy Communion (plains), 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

June 25, Tuesday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

June 26, Wednesday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

June 27, Thursday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

June 28, Friday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

June 29, Saturday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

July 23, Monday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

July 24, Tuesday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

July 25, Wednesday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

July 26, Thursday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

July 27, Friday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

July 28, Saturday—Holy Communion, 9 a. m. High Mass, 10 a. m. First Evening of the Feast, 7 p. m. Sermon by the priest in charge.

### THE WORK ON THE WALL STREET BRIDGE

Adverse Comment Heard as to Way it is Being Carried on.

Considerable adverse comment is heard about the manner in which the work of renewing the Wall street bridge over the I. C. R. tracks is being carried out. If a fire occurred in the valley it would be necessary for teams to go via the Stanley street bridge, and great delay would be caused.

### FUSHIMI IN THE WEST

JAPANESE IMPERIAL TRAIN, Glacier, B. C. June 21.—The Japanese Imperial train left Field sharp on time at ten o'clock this morning. Last night they enjoyed the hospitality of the Canadian Pacific Railway Company at the Mount Stephen House where an excellent dinner was served. The next night's rest in the charming little hotel which takes its name from the magnificent mountain at whose base it rests, so picturesquely, was much appreciated. The Japanese trainmen many of whom are employed in this district had taken a half holiday to decorate the platform and approach to the hotel in honor of their illustrious countryman and had made the place resplendent with arches, transparencies, flags and notices and electric lights. The prince was pleased to learn that his countrymen have such an excellent reputation. Short stops were made at the natural bridge and Stony Creek bridge and the wondrous scenery between Field and Glacier excited the enthusiastic admiration of the whole party. The train is now stopped at Glacier, some of the suite having ridden off on ponies to get a nearer view of the stupendous mass of ice which gives name to the station while the prince contented himself with a stroll about the pretty grounds.

### MR. LEONARD'S FUNERAL

The funeral of Edward P. Leonard, late superintendent of the fire alarm telephone system of the fire department takes place this afternoon at 2 o'clock from his home, 154 King street corner of the three local lodges of Knights of Pythias will attend. Mr. Leonard having been a past master of the New Brunswick Lodge No. 1, and the members of the fire department will also be in attendance. Many beautiful floral tributes have been sent and the service will be held at the home of Mrs. Leonard, 154 King street, at 2 o'clock.

### COLLISION ON THE BOSTON AND MAINE

LITTLETON, Mass., June 22.—A report has just reached here that a collision has occurred on the Fitchburg division of the Boston and Maine between two passenger trains. It is understood that no one is killed through several persons are reported injured. Doctors from here have gone to the scene.

### THIS PIE CRUST CAUSED A STRIKE

DETROIT, June 22.—A heater boy playfully threw a piece of apple pie crust and hit an Italian laborer in the face. A free-fight ensued.

This happened at the Ecorse plant of the Great Lakes Engineering works. When the other heater boys found that the Italian still was employed, they began under the direction of Dr. Ellis, it is understood that the dominion government will assist in the enterprise.

### OTTAWA NEWS

OTTAWA, June 22 (Special).—Engineer Riddick, whose train came in collision at Lacoste with another, Thursday night, died at the Protestant hospital last night. He was 27 years of age and leaves a widow and two children.

A five-year-old boy named Williams was drowned in Hull last night by falling into an excavation filled with water.

Ottawa's bank clearings for the past week totalled \$1,264,000 an increase of 27.8 per cent over the corresponding week last year.

### CALIFORNIA FRUIT

LOS ANGELES, June 20.—There were shipped from southern California Tuesday 93 carloads of oranges and six carloads of lemons. Total shipments of citrus fruits to date this season, 23,804 carloads.

Monday morning at 8.30 M. R. A. Ltd. will inaugurate their annual June clearance of headwear for women, misses and children. The price cutting is particularly decisive this year because of the backward season as the advt. in the regular space indicates most emphatically. "Two hats for the price of one" is the way the big house puts it in the bargain announcement.

The marriage of Miss Maud Blanche Bell, of this city, and George Pearl Black, of Pleasant Point, took place on May 11 in St. David's church, at 7.30 p. m., Rev. A. A. Graham officiating. The wedding was a simple one, and the happy couple departed to take a position with the Grand Trunk Pacific on the Edmundston-Quebec section. Many friends of the happy couple will offer hearty congratulations and good wishes.

Policeman Lawson, of Fairville, called at the Times office this morning to protest against an item which appeared in the Fairville news in last evening's Globe. The item had reference to the number of drunken women seen on the Fairville streets. Mr. Lawson said he had been in Fairville for seven years and in that time had seen only one drunken woman on the street. The item in the Globe, he says, is entirely misleading.

LEAVENWORTH, Kansas, June 22.—Former U. S. Senator Lucien Baker died today. He was born in Fulton county, O., in 1846, and served in the United States senate from 1885 to 1891, as a republican. He was shot accidentally in a street in Leavenworth in 1871 by a man who was engaged in a fight with Col. D. R. Anthony, two blocks away. He never fully recovered from the wound.

## DYKEMAN'S THE SALE OF THE E. W. PATTERSON STOCK

will commence at our store on **WEDNESDAY MORNING**. The stock will have to be on sale in sections, and for the first two days the sale will consist of Corsets and Ladies' and Children's Ready-to-Wear Goods.

There are **300 Pairs Good, Stylish Corsets** in the stock which will be sold at almost half their usual price. A large lot of

**Children's Dresses, Ladies' Wrappers, White Cotton Outside Skirts and Children's Wearing Apparel** of every description.

In the meantime attend the sale of **Ladies' Tailor-Made Suits**, About 20 suits to be sold for less than half their price—this season's styles. They are some designs made by a leading manufacturer, and shown in his show room for a very short time. The prices are **\$6.75, \$7.50, \$9.90 and \$10.50**. Just double these prices and you will get at the regular value of these suits.

**F. A. DYKEMAN & CO., 59 Charlotte Street**
