

STOCKS CONTINUE UPWARD MOVEMENT IN MONTREAL

BRAZILIAN, AT NEW HIGH, 119, LEADS MARKET

Gains Two and Half Points Overnight; Good Demand for Smelters

GENERAL MOTORS WALL ST. FEATURE

Pool Operations in Specialties Causes Gains in Some Issues

MONTREAL, Aug. 24.—Values at the opening of the local stock exchange this morning, continued their upward movement and trading was very brisk. Brazilian was again the leader in point of activity and strength, touching a new high of 119. This issue began the day at 117 for an overnight gain of 2½ points, but in subsequent trading, eased to 118½, for a net advance of 2 points during the first half hour. Smelters was in good demand and came second in point of activity, but revealed an irregular trend. This stock opened at 240, up two points, but in later trading touched 239½, and 239¾. Power, New, common, and preferred were fairly active and firm at 64½, for the former, and 49½ for the latter. Winnipeg Rails came in for some attention, and sold up one point at 54. Laurende, which has been the centre of interest for some time, was particularly inactive this morning, only 50 shares of this issue changing hands at 105. At this price, Laurende was up one point.

IN WALL STREET
NEW YORK, Aug. 24.—Renewed activity and strength in General Motors, which opened 1½ points higher, at 212, featured the opening of today's stock market. Pool operations were again apparent in a number of specialties, initial gains of a point or so being recorded by Consolidated Gas, Foundation Company and Remington Typewriter. General Asphalt was heavy on realizing quickly sagging 1½ points.

"Western" Cyclone Smashes Long Island Landscape

After crossing over New York City harbor, a regulation "Kansas" style cyclone descends on Long Island and smashes things up indiscriminately but without any resultant fatalities. The photo shows a house at Sea Cliff under which two men were buried until rescued by police. A garage near here was blown away but the car within it left undamaged.

Morning Stock Letter

NEW YORK, August 24.—In our opinion yesterday's market showed a distinct change and we believe the upward trend of stocks has been resumed. There has been a great deal of short selling in the last week. While brokers' loans, announced after the close last evening, showed a small increase, the technical position of the market is not weak. In this rally, we believe General Motors and Dupont will again be leaders, with General Motors making a new record high.

SIX NOMINATED FOR TWO TORONTO SEATS

T. L. Church Again in Field; Liberals Name Dr. Smittle Lawson

Canadian Press
TORONTO, Ont., Aug. 24.—Dr. A. Smittle Lawson last night was nominated at a Liberal convention to contest Toronto Centre East in the forthcoming general federal elections. This makes a three-cornered contest, R. C. Matthews, Conservative, and C. W. Armstrong, Independent Conservative, having already been nominated. Toronto Northwest constituency, which experienced a five-cornered contest in the 1925 election, this year will have at least three candidates.

T. L. Church, Conservative, who was returned from the riding last October, and James Simpson, Labor, defeated last year, have already been nominated and last night a Liberal convention named John F. Boyd.

Australians Set Hard Task For Somerset

TAUNTON, England, Aug. 24.—When the Australians had scored 229 for four wickets in the second innings of their match with the County of Somerset, the innings were declared closed. Somerset was left with 802 to get to win, apparently an impossible task. At lunch time the county had scored 45 for the loss of one wicket.

Canton Police Chief Dismissed By Mayor

CANTON, Ohio, Aug. 24.—Chief of Police S. A. Lengel was dismissed last night by Mayor S. M. Swarts. Lengel was to have returned to duty today after a thirty day suspension imposed July 24, when the Mayor considered that the police inquiry into the murder of Don R. Mellett, Canton publisher, had failed. The Mayor charges that Lengel "bungled" the investigation by not pressing the inquiry in its early days.

Nominations

TORONTO NORTHWEST, Ont.—J. F. Boyd, Liberal.
TORONTO CENTRE EAST, Ont.—Dr. A. Smittle Lawson, Liberal.
TORONTO EAST, Ont.—Miss Kathleen Bennett, Liberal.
WEST YORK, Ont.—Col. A. T. Hunter, Liberal.

Easy To Gain Weight With Yeast and Iron

New Combination of Yeast With Vegetable Iron Quick Way to Build Up Weight

Thin, run-down and underweight, men, women and children can now improve their health, increase their energy and regain normal weight in a surprisingly short time.

A new combination of yeast vitamins with vegetable iron, renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and supplies the system with the vitamins that build up weight.

For years yeast has been known as a rich vitamin food, but not until we perfected "ironized yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the proportions that build weight.

"Vegetable Iron" when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized, becomes just twice as beneficial as fresh or cake yeast.

Ironized Yeast tablets are composed of concentrated food elements. If you are underweight, lack energy and force, "ironized yeast" tablets will pick you right up, and if they fail, you get your money back.

Sold by druggists at \$1.00 for a large 60-tablet package or sent direct from laboratory on receipt of price. Ironized Yeast Co., Fort Erie, Ontario, Canada.

Comparative Anthracite Prices
IN FORCE AUGUST 1926
SAINT JOHN MONTREAL BOSTON NEW YORK
\$15.00 \$16.50 \$16.00 \$14.75
Montreal, Boston and New York dealers recently notified their trade of an additional cost on and after September 1st.
Coal today in Saint John is selling \$1 per ton below Boston and only 25c. above New York, yet both these cities are much nearer the Anthracite mines and transportation charges are several dollars per ton less than to Saint John.
Established coal dealers in Saint John are earning very little better than a new dollar for an old one at these prices. During summer months when coal can be bought at fair prices and handled economically, dealers here are usually not busy because people fail to grasp the profitable opportunity of summer buying and summer delivery.
The coal burning season is less than sixty days off. Why not co-operate with your dealer and lay in your supply now at these prices and while he can deliver with proper economy, ease and care.
