WOULD MAKE BILLIONS OF LOAVES OF BREAD

Figures Showing the Enormous Size of Canada's Exportable Wheat Crop.

Montreal, Oct. 12.—A graphic illustration of the tremendous size of the wheat crop of Canada is shown in a statement that the largest trans-Atlantic cargo carrier of the Canadian Pacific is the S. S. Bowditch. The possible capacity of this steamship is 382,000 bushels of wheat. To carry Canada's 382,000,000 bushels of wheat it would take 974 steamships of the Bowditch capacity to convey the exportable portion of the wheat crop of the three prairie provinces across the ocean.

Statistics show that 382,000,000 bushels of wheat are equivalent to 20,000,000 tons or 73,500,000 barrels of flour, which could be made into 12,862,500,000 loaves of bread weighing 24 oz. each, enough bread to feed 35,239,728 people with one loaf per head for a whole year. These figures do not take into account the enormous crop of oats, or the large crops of barley and rye and Canada has still immense sections of arable land that are untouched.

To carry these 382,000,000 bushels of wheat would require 237,230, forty-ton freight cars loaded to their capacity. If this string of 237,230 cars were placed in line together, it would make a train about 2,600 miles long, or one extending from Montreal almost to Medicine Hat, Alberta.

The stock-in-trade of Regional C. Rice, an ascending dealer, was sold at public auction at the store lately occupied by him in Westfield, yesterday, under and by virtue of an order issued by Mr. Justice Barry, dated Sept. 18, 1922. The horse, sleigh and harness, mentioned in the inventory, were also sold at the auction.

Do You Know

what makes good clothes good? Can you distinguish the good from the near good? Can you always spot a price that's too high?

If not then the thing to do is to pick a store that deals only in good clothes, that shows only the approved styles, and that is more interested in giving satisfaction than in merely making sales. Then you'll be safe.

This is that kind of a store.

Have You a Sand Shade Cap Made of the New Fuzzy Frieze Cloth of the Light Weight Sort? The minute you see one you'll like it.

There's a Brand New Collar You'll Like

It's named "Par." Ask for it. Cluett makes it, therefore it's worthy.

That Word "Topper" Means Hats and Coats Too Here

They are both made by the most reputable manufacturers for particular folks like you.

MEETING OF RETAIL MERCHANTS ENDS

Complimentary Banquet to Delegates by Local Association—A Successful convention.

The eighth annual convention of the provincial branch of the Retail Merchants' Association came to a successful close at a complimentary banquet tendered the delegates by the local branch of the association in Bond's restaurant last evening, with speeches by Hon. Fred. Magee, provincial minister without portfolio; Hon. Dr. J. B. Baxter, K. C., M. P.; Senator J. W. Daniel, E. M. Trowen, and others, featuring the eventful occasion.

Passing of resolutions occupied the time at the short afternoon session, previous to the inspection trip to the hydro-electric development at Musquash. The more important resolutions referred to the income tax, fraudulent advertising, and minimum wage. The income tax resolution demanded that the income tax, tax on receipts and tax on checks be abolished, and, if necessary, the sales tax should be increased so as to secure sufficient revenue for the needs of the country and be collected from the source of supply. The minimum wage resolution urged that this matter be given careful attention by the incoming executive.

The convention went on record as favoring stricter provisions for the prevention of smuggling; of opposing any proposals for an eight-hour day for all manufacturing, producing and distributing classes; thanking the government for the abolishing of all guessing and lottery contests; endorsing the action of the dominion board relative to postal rates for mail order houses.

Another resolution requesting that a questionnaire be sent out to the various members of the association, with a view to the collection of data on the subject of the minimum wage, and also one regarding a definite weekly half holiday.

A final resolution requesting that steps be taken to have all retailers exempted from the operations of the Workmen's Compensation Board was adopted. The convention went on record as being opposed to the tax on receipts, which is ordered to go into effect Jan. 1, 1923.

Speeches by Hon. Fred. Magee, minister without portfolio; Hon. Dr. J. B. Baxter, K. C., M. P.; Hon. Senator J. W. Daniel, E. M. Trowen and others, featured the complimentary banquet tendered the delegates by the St. John branch of the association. In the absence of the local president, R. A. Macaulay, the vice-president, A. Ernest Everett, presided and called on the members of the association. The toast to the king, followed by the toast to the city of St. John, which he termed "the centre of the commercial activity of the province." Mayor McCallan replied to the toast, taking as his theme the neglected rights of the maritime provinces.

Miss Alice Fairweather of the Art Films (Maritime) Ltd., then delivered a short address on advertising, illustrating it with motion pictures. Motion pictures of the raisin industry also were shown and solos by B. Shillwell and P. B. Cross were appreciated. T. C. Cochrane and Stanley Fisher acted as accompanists.

OUTLINES PLANS FOR INSTRUCTION IN THE BIBLE

The teaching of the Bible to children was the subject of Mr. Dr. Campbell Morgan's address at Centenary church last night, the last of his evening addresses. As a subject it had perhaps the greatest appeal of any upon which he has touched and the large church was entirely too small to seat all who wished to attend. Many stood throughout the evening and many more were turned away from the doors. In the afternoon in St. Andrew's church was filled to capacity. The two final addresses in Dr. Morgan's mission are to be given today, in the morning and afternoon in St. Andrew's church. In the third of his addresses on the portrait of Christ as found in St. Luke's gospel, which was given in St. Andrew's church in the afternoon, Dr. Morgan began with the verse forty of chapter two, in the morning, a record of the ideal of development of a child and he contrasted it with verse fifty-two, which referred to the development of the child.

WELCOME YOUR BIRTHDAY WITH A SMILE
What a compliment to a woman of 40 to be judged about 35! She can greet her birthdays with the glad knowledge that age does not weigh on her. Almost the first sign of age is the graying of the hair. "HERNA DE L'ORIOLE," a new and lasting hair dye, makes it possible for all to obtain the natural color and sheen that belongs to the well dressed hair. Will not fade nor wash out and cannot hurt the finest hair. Use this, then when your birthdays come around, "Smile!" Come and let us demonstrate.

opment of the boy to manhood. The child "grew" without responsibility, while the boy "advanced" to manhood having responsibility. Telling of the incident of the Child being discovered in the temple, Dr. Morgan explained that it was a perfectly natural occurrence. Having spent three years as headmaster of a Jewish school, he knew of Jewish customs. At twelve years of age Jewish boys took their "Barmitzabach," appeared before the rabbis and recited a portion of the law having at that time the privilege of questioning the rabbis, who also exercised their right of questioning the boys to see if they had been trained in religion. The boys must be presented by their father and not by their mother.

Having no earthly father to present him, the Child Jesus had presented Himself and had put many questions to the rabbis. The learned doctors were "amazed." Luke said, which showed the boy was not "trying to be smart" for had that been the case the teachers would have been angry, not amazed.

At the theme for his evening address, Dr. Morgan took 2nd Timothy, 3-16, from which he demonstrated three things: teaching the Holy Scriptures to children: First, that the purpose was the salvation of the child, considering salvation as a living thing affecting the life in this world as well as the future life; and second, that volitional surrender to intellectual con-

boys were treated by Dr. James P. Hamilton of Montreal, Edwin Welling, a grand nephew of Miss Georgina Welling, Carmarthen street.

Rev. Adolphe Delorme's sanity will not be debated in the courts of Quebec on a writ of habeas corpus, according to a decision given yesterday by Mr. Justice Doherty. The proper course of action, he said, was for the asylum authorities to make a report to the lieutenant-general, showing that Delorme was restored to a sound condition of health.

The barn and outbuildings at Mill Cove, Quebec County, belonging to Edwin S. Orchard were destroyed recently by fire which broke out when the owner was away from home. There was no insurance.

At a meeting of the Central Council of the Canadian Red Cross Society held yesterday in Winnipeg, a grant of \$10,000 was made to the Canadian Tuberculosis Association.

George A. Moore, assistant signal inspector for the C. N. R., was killed near Meadow Brook, a small station within a few miles of Moncton, when a wheel came off the motor speed trolley on which he and the inspector, John English, were riding. He was thrown under the car and killed. Mr. English escaped without serious injury.

The ladies of St. John Baptist church met last night and planned for the pantry sale for Oct. 14 and 15 next effort to raise funds for the new temple. The temple, Miss Nellie Colahan presided, and the meeting was well attended.

LAND RECLAMATION IN ITALY PROVE SUCCESSFUL

Rome, Sept. 10.—(A. P. by mail).—Pursuing a policy of land reclamation the government, working with private association, has brought under cultivation 500,000 acres of land which otherwise would be virtually worthless. In the Ferrara and Modena districts a drainage basin covering more than 200,000 acres has been completed, and under the supervision of Mr. Deleone, this work has cost already 30,000,000 lire, and further drainage and irrigation projects will cost as much again.

In the Polessia-San Giorgio district 125,000 acres of swampy malarious land has been converted into some of the most fertile grain fields of Italy.

ROTHESAL HERE FRIDAY.

Arrangements have been completed for a game between the Rotherham Consolidated School football team and the St. John High School second team on Friday afternoon. The game will be played on the St. Peter's grounds and will commence soon after 4 o'clock. The Rotherham team are the leaders of the Kings County Public School Football League, having won from Sussex and Hampton in the two games they have played this year in the league. Tomorrow should produce some good football and be well attended.
