BASEBALL

This Afternoon's Game
The Rocklands are pitted against the Woodstock aggregation this afternoon, and it looks like a good contest. Woodstock is bringing along some snappy players, including several college students who are in the province for the summer and the locals have got down to real hard pan and are working well together.

Cape Breton League.

The Cape Breton Baseball League has been pursuing the same course as was followed in the efforts to organize the Maritime League—on again, off again, etc.—but it has finally come to a point where it is almost a certainty. Four teams are now practically in line. Art Finnimore was to leave Fredericton last night for Glouce Bay. Frank Hughes and Frank Kenney will also be with Glouce Bay. It is said that the Dorchester, Mass. club, which toured the province two seasons ago, will be brought intact to represent Sydney and that Joe Donnelly will be at his old place on first sack.

LIQUOR, FOREST FIRES; CHURCH MEMBERS' RESPONSIBILITY
Rev. Dr. Burrows, at the Queens Rink, in one of his vigorous onslaughts on the liquor traffic, in speaking of the forest fires which are causing such heavy losses to the farmers throughout the country, laid the responsibility for the fire to the direct charge of the church members. "A parcel of moral cowards afraid to come out in the open and show their colors when the fight is on, lest they as a consequence may suffer some personal loss or lose a little popularity. "Fishing parties go from here to Scott Act centres, well loaded with whisky bottles and when they return the camp fire is left burning and the forest fire begins and the innocent are made to suffer for the acts of the guilty." The large attendance from night to night shows that the interest in the meetings is not diminishing. The board of arbitrators on the expropriation claims in Douglas avenue adjourned yesterday until Friday, June 12.

P. A. makes men smoke hungry

Just you get a whiff of "the international joy smoke" and it's dollars to dough-nuts you beat it cross lots to the nearest store that sells tobacco—and stock up! The flavor and aroma of Prince Albert has got 'em all backed off the boards. It sure will hit the spot with you—it does with more millions of men who smoke it in a pipe or cigarette than any other pipe or cigarette tobacco. Get the drift of that?

PRINCE ALBERT
the inter-national joy smoke

just does all that we say it will do. It can't bite your tongue and it can't parch your throat. All this is because P. A. is made by a patented process that cuts out the bite! Why, this process has simply revolutionized smoking tobacco. Prince Albert rolls up the bulkiest makin's cigarette you or any other man ever smoked. It puts the jolt of joy right into your system. You can just do "makin's" sunrise to sunset and have a lot of fun. Why, P. A. in a cigarette is absolutely a revelation. You go to it!

Prince Albert is the largest seller in the United States. It is now being imported into Canada by wholesale dealers and is sold by all of the leading retail dealers in one-eighth-pound tidy red tins.
