

Sunbeam Mission Band.

The work of this Band has been carried on much the same as in former years. The meetings have been held weekly for work, and monthly for missionary instruction.

The Band have some twenty odd dollars to their credit, deposited in the bank ; besides their usual contribution of dressed dolls, toys, clothing, etc., to the Mission Box for the Northwest.

It is to be regretted, however, that since it disbanded for the summer holidays, it has not as yet, been reorganized, partially owing to the fact that those ladies who have had it in charge since its inception are unable to continue in the work on account of other duties, but we trust that some other ladies of the congregation, with time at their disposal, will come forward and interest themselves in this very promising Branch of our Church Work.
