TORONTO, 29th April, 1890.

REPORT OF EXECUTIVE COMMITTEE.

The Executive Committee have held twenty-five meetings during the past year.

It will be seen by comparison that the number of permanent inmates is gradually increasing year by year; but when the large increase of population of our city is taken into consideration the present number, ninety-two, compared with eighty-four last year, is not to be wondered at.

Your Committee carefully scrutinizes all expenditure at each of the semi-monthly meetings with a view to keeping the expenses of the Institution as low as can be fairly expected.

The deaths at the Institution have numbered eight, none of which require special mention, as all have resulted from natural causes, their ages ranging from 62 to 94 years, five being males and three females.

All of which is respectfully submitted,

A. J. BROUGHALL,
Chairman.
