

Heaven, and a violation of it is to be regarded as an act of rebellion against God.

3rd. That the Holy Sabbath's being continued in the Gospel by the authority of our Lord Jesus himself, it is rendered still more sacred than it was in former dispensations.

4th. That being a day of rest from labor and designed for religious instruction and worship, it is absolutely necessary and should be observed by all with gratitude.

5th. That as ordained ministers of the Lord of the Sabbath, we pledge ourselves to renew our opposition to Sabbath breaking, and lay the subject before our respective congregations at least once every year; for your Committee are of opinion that the desecration of the Sabbatic Ordinance is an introduction to all other evils both temporally and spiritually.

And your Committee would further recommend that a committee of two be appointed to address the three branches of the Legislature upon this subject, praying for the abolition of Sabbath labor by governmental authority, and that such Committee confer with the government.

All which is respectfully submitted.
