fund." Messrs. Tweedie and Emmerson. The St. John Sun, which refers to the kindly feeling existing everywhere for premier Mitchell of the local executive, says "the other ministers are "full it is endured in silence by those "who have supported the administration." It also despondingly intimates the will make, little difference that it will make, little difference whether Mr. Emmerson or Mr. Tweedie of the public monies to their being used as a campaign fund, or for any other improper purpose, and that is just the sands of men who started for the Klondyke are hopelessly stranded on the passes, which will be the graves of a large per centage of the adventurers. Many will continue to be a diminishing force so long as they work on the lines which have reached the head of Lake whether Mr. Emmerson or Mr. Tweedie of grouped population, keenness the experiences of those making the rush for the mines are being realised. Thousands of men who started for the Klondyke are hopelessly stranded on the passes, which will be the graves of a large per centage of the adventurers. Many who have reached the head of Lake Bennett will have to remain there for the this place of grouped population, keenness of come in as a campaign fund, or for any other improper purpose, and that is just the reason why the opposition has so steadily lost ground in the province. Therefore, whether they "get ready for motion," as they advises," or remain inert, they will continue to be a diminishing force so long as they work on the lines which have to remain there for the sent was made and are to come in as campaign fund, or for any other improper purpose, and that is just the experiences of those making the rush for the Milonal accurations, the passes, which will be the graves of a large per centage of the adventurers. Many who have reached the head of Lake Bennett will have to remain there for the whom have made and are to come in as cattras with the removal of the old buildings, the additional excavations, the passes, which will be the graves of a large per centage of the adventures.

There are signs of the tendency whether Mr. Emmerson or Mr. Tweedie have heretofore marked their course, and ready in time to make the passage of the an honest contract for. whether Mr. Emmerson or Mr. Tweedie shall be the next leader of the government, so long as the same persons now such as the Sun indicates.

whether Mr. Emmerson or Mr. Tweedie have heretofore marked their course, and their political morality continues to be river downwards to Dawson City, while will somebody who is acquainted with it tends towards materialism in belief. ment, so long as the same persons now such as the Sun indicates.

for a general election. There is a Bobadilism running all ships, those who may be a little puzzled

with which a long identification with
the use of power and patronage, has
impregnated the leading organ of the
provincial opposition. The Sun incautiously, and with an intrusiveness
suggestive of very bad form, says
that the premier's condition of health
makes it impossible for him to exercise
much control of affairs. If that be so
the control of affairs to the supparent to it that the proposition in the supparent to it the supparation to the s that the premier's condition of health in 1896, and its editor was relieved of a makes it impossible for him to exercise much control of affairs. If that be so it doubt to be apparent to it that he has size and able light and the light a

reason for this condition of things, too,

For the fact stated by the Sun that incapacity to rise above the plane of their own little interests and narrow balance, ten and a half of the fiscal year gone, so that for the premier) "are tolerated by their oppositions of the fiscal year gone, so that for the plane of the fiscal year gone, so that for the premier) "are tolerated by their oppositions of the fiscal year gone, so that for the plane of the plane of the fiscal year gone, so that for the plane of the plane of the fiscal year gone. premier) "are tolerated by their oppo-environment. Because the Globe was administration had charge of figures. For nents", we suppose the overwhelming mean and narrow when premier Mac- the tiscal year of 1896-97 Mr. Foster estimajority of the people of the province, who approve of and sustain these gentlemen in their positions, ought to be thankful. The question, however, of what would happen if the members of in a tolerating mood suggests someting bring bordering on the ridiculous. It has been observed that the worthy leader of the outs and his half dozen.

The province, who approve of and sustain these gentlemen in their positions, ought to be the approve of and sustain these gentlemen in their positions, ought to be the total and quotes from it, makes love to and down to parliament and \$3,180,000 which was protected attention, was printed and prepared to be submitted to the scheme when in opposition, the government ould not be expected to support it when in office.
