BISLEY TEAM USING THE SERVICE RIFLE

Cobalt Camp Has Its First Highway Robbery

Two Men Drowned in the West—Big-anlet Gets Four Years—Rich Find of Silver—Labor Men Coming

COBALT, Ont., July 20—While returning to Nova Scotia Mine, where he was employed, James Dale was attacked by three masked men on Kerr Lake Road and robbed of \$17. Dale pluckily grappled with his assailants, who were knocked insensible by sand bags. This is the first hold up ever reported in Cobalt camp.

WHITNEY, Ont., July 20—H. E. Wiling, found guilty of bigamy in marrying Gertrude Lomax, a former sweetheart, whom he lured from England, when he already had a wife and family here, was sentenced yesterday to four years in Kingston Penitentiary.

MEDICINE HAT, July 20—Two men named Shaw and Ritchie employed by the C. P. R. as "rough-house" workers, were drowned in the river yesterday. Ritchie, who could not swim, got beyond his depth while bathing and was thrown into the water. The drowning man grabbed him and carried him to the bottom. Charles Wilson made a plucky attempt to save the two men but failed.

TORONTO, Ont., July 20—T. C. Flanagan has resigned from the Irish Canadian A. C. which he founded in 1907 and of which he has been the life and soul. While the club has a set of rifles, the entire management was vested in Flanagan, who ran it accordingly in his own ideas. This year, however, there has been friction and Flanagan's resignation is the result. His resignation has been accepted.

TORONTO, July 20—A party of Port Arthur prospectors are reported to have found silver ore in a district district averaging a thousand dollars per ton.

TORONTO, July 20—A wire to the River Rife Company at Quebec by a local paper, as to whether the rifles used by the Canadian team at Bisley were regular service arms, elicited the following: "Rifles used at Bisley are regular service rifle, identically same as issued to militia, both regular and volunteers, known as 'Mark two, double star.' You may state this emphatically, as there were no special rifles made for team."

(Signed), Ross Rifle Co.

TORONTO, July 20—Local labor men are advised that several of the prominent leaders of the movement in England will visit Canada during the meeting of the trades congress. Those who will come are Arthur Henderson, M. P. for Barnard Castle, and chairman of the Parliamentary Party of England, and William Crook, M. P. for Woodstock. They will visit Montreal, Ottawa and Toronto at the close of the convention.

PERNIE, B. C., July 20—While riding a handcar Miss Lucy Harwood, Captain of the Salvation Army, was struck by the descending handcar, and her spinal cord broken. She died next morning. The body probably will be shipped to Barrie. Miss Harwood's home was in Barrie, Ont.

LOOK AT THE PRIZES, AND THEN GET BUSY

It Means Only a Little Effort to Win

Anyone Can Secure One of the Star's Magnificent Prizes by Getting Out and Hustling—Make an Early Start

Candidates will bear in mind that The Sun and The Star cannot be sent by mail in the City of St. John.

Are the magnificent prizes offered by the SUN and STAR worth trying to secure? Is it worth a few minutes of your time every day? If you think affirmatively, act upon your thought. Call upon your friends to assist in your campaign. Get them to promise to cut the coupons from their paper each day and send them to the Contest Manager of the SUN and STAR or to you, so that you yourself may send them in before the date upon which they have expired.

Many of your friends pay for the paper by the week or month. Get them to pay you in advance for six months, a year, or longer and to give you their votes. Papers will be delivered to them just as at present, by mail or carrier, as the case may be.

You no doubt have many friends who are not regular subscribers to the SUN and STAR. Get them to join our permanent list and to pay their subscriptions in advance. It may be that some of them do not take any paper at all. Show them the many advantages of the papers and it will not take them long to decide that the papers are needed in their homes.

Remember that organization is a great help. Call a meeting of half a dozen or more of your friends. Tell them that you have made up your mind to secure one of these valuable awards and that you need their assistance. Get each one to promise to devote a few minutes of his time daily to that end. Get each one to promise to see at least three of his friends in your behalf daily and to secure their subscriptions. In other words, start an endless friendship chain for the purpose of securing subscriptions. Don't be discouraged if someone gets ahead of you. The contest will last until the 28th day of August, and between now and that time there will be many changes occurring in the list of contestants and the number of their votes.

If you all would give a little more thought to the value of the prizes and estimate the number of subscriptions the chances of winning a valuable prize are so great a deal of energy into their campaign. It is hard to understand why people will allow themselves to be deterred from entering such a contest as this one, especially where the chances of winning a valuable prize are so great.

If you are not yet entered, show your independence and start immediately.

Official Organ Says Relations are Becoming Strained, and Threatens Trouble—Prince to Give Great Reception in Tokio

Princess Ito, until recently the Japanese resident General in Korea, and regarded as being the Japanese greatest statesman, returned here today and was received with unusual honors at the express command of the Emperor.

The Imperial guard of honor occupied the square outside of the Shimabashi railroad when the Prince's train arrived. Prince Ito drove through streets lined with troops directly to the palace, where he reported to the Emperor.

Prince Ito said that the situation in Korea was hopeful and that there was no reason to expect any serious opposition to the change in the judicial system provided for in the conference between Korea and Japan, which is supposed to have been the purpose of Ito's recent mission to Seoul. The change in the judicial system in Korea, he said, was an absolute necessity, but would not change the policy of Japan toward Korea.

The conference, he said, would be published in a few days.

TOKIO, July 20—Prince Ito, who has just returned from Korea, will preside tomorrow for the first time at a meeting of the privy council of which he was recently appointed President by the Emperor. There is reason to believe that the pending questions between Japan and China, which are causing increased tension, will receive the first consideration of Prince Ito and the Council.

TOKIO, July 20—The Kokumin, one of the most influential of Japanese newspapers and which is generally regarded as the mouthpiece of Marquis Katsura, the premier, in matters pertaining to the government's policy, in an article today discusses the situation between Japan and China and strikes a somewhat shrill note.

It was expected, says the article, with the withdrawal of the proposal to refer to the Hague Arbitration Tribunal the difference between China and Japan, preceded the adoption of what was hoped would be a conciliatory policy by China. But this expectation has not been realized. China now proposes wholly unacceptable terms and refuses to reply to Japan's request for reconsideration.

The article concludes: "The Japanese government is showing all possible patience but is not carrying its endurance to the point of contentment. Unless China's mood changes before the conclusion of the current month Japan will be obliged to assume a different attitude."

SEOUL, Korea, July 20—The Korean employees of the electric railway system in Seoul went on strike today. The property was recently transferred by the American company which holds the lines to the Japanese syndicate. The strikers threaten to storm the offices of the syndicate and are only held back by a strong force ofgendarmes.

SHANGHAI, July 20—Tuan Fung, the former Viceroy of Nanking, who has been appointed Viceroy of the Chi Li Province in succession to the late Yangshi Siang, passed through this city today on his way to Tientsin from Nanking. The people of the southern provinces regret the loss of Tuan Fung, whom they regarded as a very able officer.

BELIEVE THE STRIKE IS ALMOST ENDED

More Men are Going Back to Work Every Day.

Steamers Have No Trouble in Getting Cargoes—New Coke Ovens to be Installed Very Soon.

SYDNEY, N. S., July 20—The United Coal Co. of New York which has the contract for the construction of the Steel Company's new battery of coke ovens has begun to clear the ground and actual construction work will be started next week and rushed to completion. The new ovens of which there will be 120, are of a large size and will take care of a thousand tons of coal a day. There is little new today in the strike situation. The company reported more men at work and bigger output. The situation is absolutely without incident. In well informed circles it is the opinion that the strike cannot last much longer. The output yesterday was 7705 tons, including coal from the banking stations. The shipments totalled 5415 tons. The Cacoma sailed yesterday with a full cargo and the Kronprinz Olov will sail today. There were 4500 tons available at the pier this morning. The company have all along been denied by the leaders of the strike, but there can be no doubt that a very considerable quantity of coal goes over the pier every day, and it is quite evident that there is but one source from which it can come. The U. M. W. leaders continue to send a number of forgers out of the country. It is this way they are doing a great service to the community. The Coal Company on the other hand continues to bring in a lot of men, and it is understood today that arrangements have been completed to land a couple of thousand workers in this district before the end of next week.

THE GLIDDEN SCORCHERS.

MANKATO, Minn., July 20—The automobilists of the Glidden tour left Mankato at an early hour this morning for Fort Dodge, Iowa, a distance of 137 miles. They were escorted several miles by members of the Mankato Automobile Club. The roads have been prepared in many places by farmers, commercial clubs and automobile clubs.

SIR ROBERT HART HAS DECIDED TO RETIRE

Getting Old and in Poor Health—New Man Will be Chosen to Succeed Him in China

LONDON, July 20—Sir Robert Hart, who spent a year's leave of absence in England, the first vacation he has taken in more than twenty years, has practically decided to retire from the position of director general of Chinese Customs and on account of ill-health. He has suffered from insomnia and other complaints for a long time. Sir Robert Bredon, Sir Robert Hart's brother-in-law, who as deputy inspector general, has been managing the Chinese customs during his superior's absence, has not the support of the British commercial bodies, and it is considered likely here that a campaign will be made to supplant him.

"Do you take this woman for better or worse?"

"I do, Judge, I do. But I hopes we kin hinder strike an average."

THE WESTERN STATES ARE LOOKING FOR HARVEST HANUS

Fifty Thousand Men Will be Required to Aid the Farmers in Their Autumn Work

WASHINGTON, July 20—A correspondence for help to harvest the season's bounteous crops comes from the west to officials of the Department of Commerce and Labor, whose functions, in part are to find employment wherever possible for the throngs of aliens who come into this country.

Fifty thousand able-bodied men are wanted by the farmers of the west, according to Representative Stephens, of Minnesota, who says the west is literally begging for help to gather the big wheat and other crops. He declares that the crop situation all through the west is splendid.
