Mutual Reserved Fund LIFE ASSOCIATION.

55 Liberty Street, New York.

E. B. HARPER, President.

Progress Unparalleled.

Figures and facts showing the marvellous growth of the Mutual Reserve Fund Life Association...

Assets July 1, 1885, \$1,000,000.00

Total Number of Certificates Issued, 31,200

Total Amount of Insurance Written, \$1,000,000.00

Total Amount of Death Claims Paid to July 1, 1885, \$1,000,000.00

Reserve Fund, \$1,000,000.00

Amount saved to members by reduction of payments as compared with level premium rates for 1884, 1,500,000.00

Total cost of cashing 31,200 policies and adjusting over \$20,000 of death claims for 1884, 37,500.00

Total salaries paid to officers and office employees during 1884, which is less than the amount paid by some of the level premium companies to their employees, 49,737.00

Income from investments during first six months of 1885, 7,000.00

Amount invested in U.S. Registered bonds, 50,000.00

Amount deposited with the New York State Insurance Department, 100,000.00

Total amount of new business first six months of 1885, \$1,000,000.00

The Annual Mortality Assessments have averaged for the past four years less than one-quarter the usual rates charged by level premium systems for an ordinary life policy at the same time. The Mutual Reserve Fund Life Association has not spent a cent for Fund one-quarter of the cost of ordinary insurance, which can be used for three purposes only:

FIRST.—In the payment of the death claims in excess of the American Experience Mortality Table. This is the only way in which any one can secure a death benefit in any one of the level premium companies without a premium.

SECOND.—To make good any deficiency in the death fund account, after a mortality bill has been made. This is the only way in which any one can secure a death benefit in any one of the level premium companies without a premium.

THIRD.—To secure the first and second objects, which is not likely to occur. The Mutual Reserve Fund will be a permanent fund, and will be used in providing for the future payments of death claims. It is expected that these accumulations, which are added to each individual member's own accumulations, will secure permanent membership for the widows and orphans of deceased members, and will secure to the members of the Association a steady and increasing income of from \$10.00 to \$100.00 per year. Our business for the first six months of 1885 exceeds our business for the same time in 1884 by \$1,234,000.00. Our surplus exceeds \$1,000,000.00, which is invested in U.S. bonds. Our payments to the widows and orphans of deceased members exceed \$200,000.00 per day, and our new business exceeds \$200,000.00 per day.

Persons desiring to insure their lives for less than ONE-HALF the usual rates charged by level premium companies should apply to the LARGEST, STRONGEST, CHEAPEST, and most successful Assessment Association in the world.
