

## One Need.

One of the greatest needs of the day in temperance work is a better knowledge of what drink does for the mind and body of the drinker. Few men will deliberately kill themselves if they know it. They think they can drink without harm to health. If they understood exactly the effect of alcohol on the system many would not touch it. There is every reason why this should be taught in all our schools and colleges. Boys and girls, young men and women, should know what this poison will do for them; and, knowing this, few of them would ever begin its use. If they knew that it enters the blood, passes through the skin, lungs and kidneys, poisoning all, destroys the digestive organs, ulcerates the stomach, hardens the liver and in every way injures the actions of all the vital organs. All kinds of diseases follow in the train of drink. Hallucinations, nightmare, paralysis, heart disease, delirium tremens and many other diseases, of which respectable drinkers are said to have died when liquor was the real cause, are the legitimate fruits of liquor drinking. Let the friends of temperance, besides opposing the saloon on every opportunity, be diligent in teaching their children the awful effects of this evil, and as sure as they grow to manhood and womanhood the lessons of their youth will be carried into action and the saloon will die the death it deserves.

Information has been received from Japanese sources that the Empress Dowager of China is seriously ill at Tai Chuen Fu, and that the most prominent physicians in the empire have been called to attend her.

## A STRANGE CASE.

EYE TROUBLE WHICH DEVELOPED INTO RUNNING SORES.

Doctors said it was Consumption of the Blood, and Recovery was Looked upon as Almost Hopeless—Dr. Williams' Pink Pills Wrought a Cure.

From the Herald, Georgetown, Ont.

Our reporter recently had the pleasure of calling on Mr. Wm. Thompson, paper-maker, at Wm. Barber & Bros. mills, a well known and respected citizen of our town, for the purpose of acquiring the details of his son's long illness, and his remarkable recovery through the use of Dr. Williams' Pink Pills. Mr. Thompson kindly gave us the following information which will speak for itself:—"About two and a half years ago my eldest son, Garnet, who is fifteen years old, took what I supposed to be inflammation in his left eye. He was taken to a physician, who advised me to take him to an eye specialist which I did, only to find out that he had lost the sight of the eye completely. The disease spread from his eye to his wrist, which became greatly swollen, and was lanced no less than eleven times. His whole arm was completely useless, although he was not suffering any pain. From his wrist it went to his foot which was also lanced a couple of times but without bringing relief. The next move of the trouble was to the upper part of the leg where it broke out, large quantities of matter running from the sore. All this time my boy was under the best treatment I could procure but with little or no effect. The trouble was pronounced consumption of the blood and I was told by the doctors that you would not come across a case like it in five hundred. When almost discouraged and not knowing what to do for the best, a friend of mine urged me to try Dr. Williams' Pink Pills saying that he had a son who was afflicted with a somewhat similar disease and had been cured by the pills. I decided to give Dr. Williams' Pink Pills a trial and secured some of them at the drug store, and after my boy had taken two boxes I could see the color coming back to his sallow complexion and noted a decided change for the better. He went on taking them and in a few months from the time he started to use them I considered him perfectly cured and not a trace of the disease left, except his blind eye, the sight of which he had lost before he started to use the pills. He has now become quite fleshy and I consider him one of the healthiest boys in the community. If any person is desirous of knowing the merits of Dr. Williams' Pink Pills you may direct them to me, as I can highly recommend them to any person afflicted as my boy was."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent postpaid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

## News Summary.

The government, it is said, has completed arrangements for the erection of a \$1,000,000 geological museum at Ottawa.

Hon. Colin Campbell, new provincial treasurer, was re-elected in Morris, Man., Saturday by 284 majority, with two small poles to hear from, over his Liberal opponent, Marshall Lawrie.

Cornelius L. Alvord, jr., the absconding note teller of the First National Bank in New York city, who is charged with stealing \$700,000 from the bank, was arrested in Boston on Monday.

The South African mail received in Ottawa on Monday contained a report from Col. Otter that Pte. Craig, B Co., and Pte. Johnston, G Co., have been ordered pensions of 18 pence a day for twelve months.

Avondale, the estate of the late Chas. Stewart Parnell, was sold at auction Wednesday by the land judge's court. The purchaser was Mr. Boyland, a friend of John Howard Parnell, brother of the famous Irish statesman.

The London Telegraph "understands that, after mature consideration, Lord Salisbury has decided to resign the foreign secretaryship, which will be transferred to the Marquis of Lansdown. He is largely influenced by the counsels of his medical advisers."

C. N. Armstrong has entered an action in Montreal against Mayor Prefontaine to recover \$65,000, which amount was obtained by the latter for the sale of part of the Great Eastern Railway, but for which, it is alleged, he made no return to the company, workmen of the Great Eastern and others being left unpaid.

A heavy explosion of gas occurred in the Kingston Coal Company's shaft at Edwardsville, Pa., Thursday afternoon, in which three men lost their lives and six others were badly burned. The disaster has cast a gloom over the little town, as the miners had just celebrated the ending of a long strike.

As a result of his deals in Chicago, Sir Thomas Lipton is believed to have made \$350,000. There were only 35,000 barrels of pork that could be delivered, and the Englishman owned them all, as well as twice that number bought from people who did not have a barrel they could deliver. Pork that was selling some time ago at \$11 has since amounted to \$20.

A serious explosion occurred in Canton on Sunday morning. Four houses near the governor's yamen were destroyed and many persons were killed. It is rumored that the scene of explosion was the reformers' arsenal, which was full of powder and gun cotton and that the object was to destroy the yamen. The occurrence will probably lead to the persecution of the reformers.

A meeting of jurists and eminent public men called to determine upon means to perpetuate the memory of Lord Russell of Killowen, late Lord Chief Justice of England, decided to erect a statue in the High Court of Justice. Mr. Melville W. Fuller, Chief Justice of the United States, and Mr. James C. Carter, of New York, were invited to join the general committee, and Mr. Joseph H. Choate, United States ambassador, was chosen a member of the executive committee.

Maine is quite a potato state, but there are others. A dozen states raise more potatoes than Maine does, some of them three or four times as many. The potato crop of the United States for 1900 approximates 230,000,000 million bushels, of which Maine raises 5,730,000. In 1899 the total crop was 5,525,000 and in 1898 the total crop was 5,028,000. Maine's share being 4,830,000 bushels. This year New York leads with 21,080,000, and the other states producing more than Maine are Pennsylvania, Ohio, Michigan, Indiana, Illinois, Wisconsin, Iowa, Minnesota, Missouri, Kansas and Nebraska.

There was at Washington on Wednesday last a notable gathering of representatives of every government department and of many foreign powers to pay homage to the memory of John Sherman. The funeral services held here were at the Sherman home on K street. The massive black casket rested on a black draped catafalque in the parlor. The air was heavy with the scent of roses, orchids and hot house flowers that had come from all quarters as a final testimony of affection and respect. Lord Pauncefoot sent a heavy wreath of white roses. After the services the casket was lifted by the bearers with the honorary pall-bearers following, and carried from the house, where a detachment of the Fifth cavalry under Col. Kafferty, waited to escort it to the depot.

Statistics show that more people die of consumption than from any other cause. Slight colds are the true seeds of consumption. Beware of the slightest cough. Adamson's Botanic Cough Balm is without a peer. 25c. all Druggists.

## DIAMOND DYES.

The Fall fairs and exhibitions held this year in Canada were a source of pleasure and satisfaction to hundreds of energetic and artistic ladies. Magnificent displays of Mats, Rugs and Carpets made from rags dyed with the Diamond Dyes, drew the special attention of thousands of visitors.

In ninety-nine cases out of every hundred, the exhibitors who used the Diamond Dyes to color the materials of which their Mats, Rugs and Carpets were made, took the best prizes.

No stronger proof of the superiority of Diamond Dyes could be demanded. Women all over Canada will find it pays to use Diamond Dyes to re-color their faded and dingy looking dresses, skirts, blouses, capes, jackets, ties, ribbons, etc. One package of Diamond Dyes will do as much work as three packages of the common dyes, and gives colors far more beautiful, more brilliant and more lasting.
