Chicago, Dec. 15.—American League magnates today at their annual session here, agreed to the peace terms arranged at New York between the Federal and National Leagues. Within a few days, according to President Johnson, the details of agreement, which does away with the Federals as an independent league, will be arranged, the American League having consented to appoint a committee to meet envoys from the others.

The terms of the agreement were not made public, but it is generally understood that the consolidation of the National and Federal is the basis. President Johnson declared that there would be only two leagues, the American and National. The joint peace session probably will take place within a week, according to Mr. Johnson, at New York or Chicago.
