Gossip.

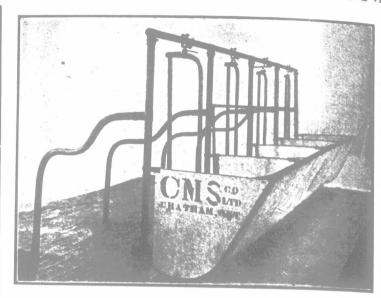

WELL-BRED CATTLE BEING SOLD. The advertisement of the Aberdeen Angus cattle on Stapleton Stock Farm Clinton, Ont., will be of interest to buychoice of 50 head of pure-breds has been reasonable prices. Write for information.

Thomas. Ont., found his large herd of R. O. P. Ayrshires in prime condition. and the several R. O. P. tests recently completed show that breeding right and a systematic culling process such as has been the order of things on this farm for many years are showing gratifying results. The several daughters of that great breeding bull, Bonnie's Messenger, whose dam, grandam and sire were all in the official R. O. P. records, are showing up remarkably well, both in milk production and butter-fat test. Average of milk at first calving 30 lbs. a day, testing up to and over five per cent Several other two-year-olds recently test ed range from 7,525 lbs. to 8,017 lbs. and three-year-olds up to 10,850. One of the 10,850-lb, three-year-olds that had a test from over four per cent. to over five per cent., has a nice bull calf by Bonnie's Messenger. This should be a most desirable herd-header. Several other young bulls up to ten months of age are by Bonnie's Messenger, and cut of R. O. P. dams. There can also be spared a limited number of heifers. Another specialty on the City View Farm is Rhode Island Red poultry (rose combed), from which eggs for hatching can be supplied from winners of several first prizes and specials.

F. E. PETTIT'S HOLSTEIN SALE.

Although breeders more vitally interested will have written Mr. Pettit for a catalogue giving full particulars of the breeding, official backing and official records of the 35 Holsteins to be sold at his farm near Burgessville, on Wednes day, March 10th, a few notes relative to the herd may not be amiss. On the sne's side the herd represents the producing blood of such richly-bred bulls as Prince Pauline De Kol, sire of Tidy Pauline De Kol. record 28.41, Auggle and 13 other R or M. daughters and 9 proven sons. Cornelius Posch, sire of Olive Schuiling Posch, 27.50; Tidy Pauline Posch, 27.08; Tidy Pauline De Kol 2nd, 22 75, and 13 other R. O. M. daughters and 7 proven other R. O. M. daughters and 7 proven sons. Francy Sir Admiral, a 4-blood brother to Jennie Bonerges Ormsby, 33.01, being sired by the noted Sir Admiral Ormsby, and out of Francy Bonerges Ormsby, 29.10. Butter Baron's Posch, a grandson of Queen's Butter Baroness, 33.17, and Tempest Clothilde Mercedes, 18.41 pounds in seven days, 750 pounds in one year, R. O. P. The younger things, and all those of breeding age, are sized by and in calf to the last two mentioned bulls. Among the breeding cows to be sold are such high class ones as Auggie's Mayblossom. 22,38 pounds; Lady Roberts, 18.25 as a three-year-old. A son of hers, Lord Roberts De kol, sired by the former stock bull, Prince Pauline De Kol, has 11 R. O. M. daughters ranging from 13 pounds for two-year-olds to 22.83 for four-year-olds, showing the wonderful producing capacity of Lady Roberts. Then there are two of her daughters, Lady Roberts 2nd, 11.22 as 19.1 as a four-year old others for sale months, 11.85. Her dam, l'auline l'et gave 18,000 pounds milk in R. O. P. test, queen Annie Poscia, 18,19, etc.
