ADVANCE OF FORESTRY INTERESTS DURING THE YEAR.

The year has been fruitful of signs which point to promising results in the near future of the efforts to establish a rational forest policy in this country. The policy of establishing forest reservations on the public domain has been further extended by the President's proclamation of the Sierra Nevada and Ashland Reserves, aggregating 4,511,360 acres. This makes the total acreage of forest reservations established under that title 17,564,800 acres.
