cover a copy of the News-Advertiser of Vancouver, which contains an interview I gave to the press on landing in Canada. What is said there in reference to Japan has been circulated pretty widely by the Associated Press. I am sending Mr. Ishii a copy also. If you think His Excellency, Count Komura, would be interested in seeing the reference to his speech in the Diet, perhaps you would bring the item to His Excellency's attention.

Mr. Nakamura, I suppose, is on the ocean now. I look forward to welcoming him at Ottawa.

I intended to mail the enclosed cards to the Baron and Baroness Iwasaki before leaving Japan. They were written the night before, but in the excitement of the last moment I overlooked the mailing of them. Perhaps you would kindly convey my regrets at being unable to call before leaving.

With renewed thanks and every good wish,

Believe me, dear Mr. Hoese,
Yours very sincerely,
