Ottawa, March 28, 1936.

Dear Mr. McQuarrie:

I duly received your letter of the 25th. It is most encouraging to find that the Young Conservatives of Brandon are organizing and preparing for service in the work of the party. There are few constituencies in Canada where the circumstances call for Conservative organization more than in the riding of Brandon. The presence in your city of a good newspaper is a fact which will enable you to make progress, and most excellent progress. I extend my sincere congratulations to the officers of the Club and wish for the new organization a most successful career. You may depend upon it the Club will not be overlooked when I am next in a position to visit the West.

Yours very truly,

R.L. McQuarrie, Esq.,
Secty., Young Conservative Club,
Brandon, Man.
