

Our Sec has just sent me a fresh supply of
the first 4 pamphlets issued by the Society.

The Society is making very steady
progress, & is not the property of any one party.
It is composed a people of many different
parties.

I am sending your esteemed self a copy of
each pamphlet.

I have also taken up the matter with the
Hon^{ble} W. Mackenzie King.

Will you kindly take the matter up with
the Canadian people, in cooperation with your
Prime Minister?

I shall be delighted to hear from your esteemed
self, as soon as convenient & beg to remain

Sir, Respectfully yours,
J. G. Nichol.
