

Witnesses: It is not used  
as a contract and the witness  
does not swear to the execution  
by the parties to the Bond.

The instrument cannot then  
be accepted and is therefore  
invalid.

I also suppose a new form  
of Bond the blanks in which  
should be filled up and  
the instrument executed by  
the parties and the witnesses and  
checked by the witnesses or  
other persons.
