Ottawa, February 27, 1907.

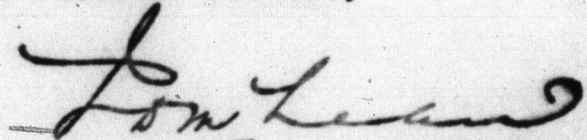

Sir,

In his last report on the Tobique ~~XXXXXX~~ school Mr. Public School Inspector Meagher stated that a new school building is very much needed there, and he also recommends that a school garden be operated, as the teacher, Miss Bradley, is a graduate of the Macdonald Institute, Guelph, and, therefore, qualified to take up this kind of work.

The Department considers that the Inspector's recommendation with reference to the school-garden is a good one and would like ~~it~~, if possible, to have this suggestion carried out.

You will be good enough to make a report in this connection, as well as in regard to the state of the building.

Your obedient servant,

Secretary.

James Farrell, Esq.
