

In such case a card $4\frac{1}{2}$ x $6\frac{1}{2}$ inches, in the form shown below, may be affixed under the body of the car, for guidance of other inspectors, preferably on the inside of the cross-frame tie-timber, stating the defects with which the car will be received back, and when the car is so repaired the card will be removed.

Any company finding a car with card on it may make the repairs noted by card, and make bill for the same to the Company putting on the card, the card to accompany the bill as voucher for the work done.

In making out such bills the prices to be charged shall be as follows:

1. Castings, 2 cents per pound.
2. Malleable iron, 5 cents per pound.
3. Wrought iron, including bolts and nuts, 5 cents per pound.
4. Labor, 20 cents per hour.

No percentage shall be added to either labor or material.

All cards shall be printed and filled in on both sides.
