THE TECUMSEH TRIBUTE.

A gentleman keenly interested in the historic and legendary associations in which our country—comparatively young though it may be—already abounds, accurately conversant with much of its fascinating and inspiring lore and zealously enthusiastic upon the admirable enterprise of erecting on Tecumseh Park a permanent memorial to the great and gallant Indian chieftain, whose name it bears—such is President J. S. Lane, of the Macaulay Club, the organization to which is to be attached the credit of formulating the project upon definite lines.

And Mr. Lane, in his interesting interview with this great home journal to-day, properly places the proposition upon a practical plane. He submits a thoughtful and definite suggestion concerning to its prompt and successful consummation, which should commend itself to the consideration and activities of the citizens.

The Planet knows of no other proposal which has ever received the same cordial unanimity and endorsement. Citizens of Chatham, residents of Kent, patriots of the peninsula and the press of the whole province have vied with each other in commending and praising the project. An enthusiasm already created must be promptly directed to practical effort and vigorous vitality, else, perforce, it burns itself out in emptiness.

Mr. Lane sees this. And, as he adds energizing fuel to the popular fire, he directs attention to the lever which must be utilized to set the throbbing machinery in motion. He is right. Would it not be well for the Macaulay Club, having already taken the initiative in the matter, to now set along these lines? The Planet would respectfully submit a suggestion. We commend to the consideration of the members the appointment of a strong committee to wait upon the City and County Councils and the Board of Trade, soliciting the institution of a vigorous and representative organization to undertake the financing of the movement.

This done, the enthusiasm and liberality of the people would have definite vent, and the Tecumseh centennial would be honored as the occasion well deserves.

"TIME FOR A CHANGE."

Our esteemed contemporary, the local Liberal organ, registers a rather amusing objection to the adaptation of the "Time for a change" cry by the Liberal-Conservatives and the genuine Liberals of this old school in this province.

"Because, because, because—that's the Conservative policy," it declares.

Just so, quite true. It's time for a change, because—

Because the Ross administration has outlived its usefulness.

Because it no longer truly represents the people.

Because it has introduced the notorious "machine" to violate the mandates of the people.

Because it has disgraced the Province with its notorious election frauds.

Because it has robbed the people by monopolies and taxation.

And there are a hundred old other "because" of similar sound reasoning for the "Time for a change" cry.

It is not time for the people "to change from this line of argument," as our contemporary claims. It never will be. No argument can be weighty as the sound backing of facts—pertinent facts. It's the "Be—" that counts.

It is "because" of the terrible misdeeds and abuses of the present government that the people have definitely reached the wise conclusion that "it's time for a—more than time for a—

Every Exertion a Task

There is failure of the strength to do and the power to endure; a feeling of weakness all over the body.

The vital functions are impaired, blood does not nourish, and the whole system is run down.

A medicine that strengthens the stomach, perfects digestion, invigorates and tones is needed.

What Hood's Sarsaparilla did for John Y. Peterson, Whitey, Ont. it will do for you. He took it as a tonic and general builder of the system, and writes: "I have found no other remedy to compare with it as a restorer of vitality. It drives away that tired feeling, quiets the nerves, and brings sweet refreshing sleep."

Hood's Sarsaparilla

Promises to cure and keeps the promise. The earlier treatment is begun the better—begin it today.

MACHINE WORSHIPS THE GOLDEN CALF.

The Florence Quill, published within a stone's toss of the home of Mr. Geo. Johns, who was given such a hard "throw-down" by the Liberal machine of Toronto at the recent East Kent convention in Ridgeway, gives publicity to the sentiments with which the Liberals of that district view the manipulation and bossism of the party machine.

The Quill says: The *Blackburn News*, after carefully looking over the political field of East Kent, gets off the following: "When some men get in the public eye they are appreciated about as much as cinders in the eye of an individual."

There is good sense in the above quotation. The indefatigable efforts of good, smart and intelligent politicians are crushed beneath popular sentiment, because leaders of all parties have hold of the reins of power, and many good men are thrown overboard and inferior men nominated, just because sentiment is favorable to the latter class on account of riches. Money is needed to run a campaign, but the election of a man of means without any municipal career over a person of wide municipal knowledge is political retrogression.

We refer to the election of Mr. John Lee in preference to Mr. G. Johns as the candidate to contest the riding of East Kent. Mr. Lee, in his speech at the convention, which convened at Ridgeway on Oct. 24th,

admitted he had no municipal career. On the other hand Mr. Johns is able to make a retrospective of twenty-five years of municipal life, being at one time warden of Kent. He is clever, intelligent, and a good speaker. He is fully qualified to represent East Kent. In Mr. Lee we find a jolly fellow with a boodle. Surely the Liberals of East Kent in convention, worshiped the "Golden Calf." If you want to be honored get rich. Ye gods have mercy.

What the matter with the young men of Chatham and Ridgeway organizing Young Men's Conservative Clubs?

Yesterday The Planet Show Printing Department made a large shipment of engraved stand work to Boston, Mass. This great home journal acknowledges no superior in this work.

It is reported that Lord Roberts has offered to go back to South Africa and wind up the war, comments the *Woodstock Express*. No doubt he would have more peace of mind chasing the Boers than the critics allow him at home.

In a few days The Planet will commence the publication of the fascinating serial *Love Stories*, from the pen of Laura Jean Libby, for the purchase of which arrangements are now completed. There are stories—and stories, but this is one of the real articles. Don't miss it.

In his *Goderich Signal* Dan McGillicuddy says 'this of Mabee's Liberal book—

"It won't live. It isn't a classic, by any means. It won't find its way into the libraries. It is evidently got up by a smart young man who wants to turn a penny, and knowing that people in the United States and Canada go almost crazy at election times here, he has placed his little venture on the market—he has thrown out his bait for the suckers to bite."

The *Chicago Record-Herald*, hopeless of doing justice to the subject in editorial prose, breaks into poetry on the killing of Czolgosz. Here are the opening lines:

The scene is closed!
If there's a hell for fiends to reach
Another coward's piercing screech
Is ringing there!

Perhaps, but should our contemporary hear a piercing screech, it must not jump to the conclusion that Czolgosz has just arrived in hell prepared for "fiends to reach." The screech may be the last agonizing wail of some unfortunate negro experiencing the tortures of the hell-upon-earth which his more "civilized" and "superior" brethren have prepared for him.

ADDITIONAL EVIDENCE.

The Greatest Case in the History of Modern Medicine is Completed by Another Sworn Statement.

THE OTTAWA FREE PRESS SUSTAINED.

A Prominent Ottawa Man Confirms Under Oath Every Statement Made by this Paper in the Original Story Published Nearly Seven Years Ago.

From the Ottawa Free Press.

Some seven years ago the Free Press published a graphic account of a remarkable case here in Ottawa.

A man named George H. Kent had been cured of Bright's Disease after the doctors had given him up to die, and the Free Press reporter, after a most thorough investigation, published the whole story in detail, giving credit to Dodd's Kidney Pills for the most miraculous cure.

The following sworn statement was given by Mr. Kent in order to substantiate the almost incredible statement made by the paper in its account of the case.

(Sworn Statement, Feb. 16th, 1895.)
I, George Henry Kent, resident at 114 Cambridge Street, Ottawa, and employed as a printer in the British American Bank Note Printing Company, in the said City of Ottawa, do solemnly declare that I consider it a duty to myself and to my fellow-men generally to make a declaration as to the efficacy of Dodd's Kidney Pills.

1. That I found them in my terrible case of Bright's Disease, from which I suffered for almost one year of the greatest medical value. I can say confidently and assure anyone interested or a sufferer, that I positively owe my life and present excellent health to the results brought about by their use. I was taken sick and confined to my bed on December 28th, 1893, and was successfully treated for La Grippe, then Pleurisy, followed by Kidney Trouble, and latterly Bright's Disease. I lost the use of all my organs, my entire body became swollen to a terrible size, and my skin became as hard as and similar to leather, the pores all having closed up, and I suffered from agonizing pains.

2. My regular physician attended to me, and, though medical consultations were held over my case by two city doctors, nothing could be done. My case grew gradually worse and latterly I was given up as hopeless. My wife, friends, and neighbors were certain from what they saw and were told by the visiting doctors that I would die in a very short time.

3. My wife was casually reading a newspaper about this time, and saw a description of a similar case, in which a patient gave testimony of the relief and cure that had been effected on him by Dodd's Kidney Pills. I started to take them right away, and from the first pill I discovered a change for the better. After the first box I was wonderful, and I improved rapidly at the end of the fourth I was able to get well again. I continued taking them until the seventeenth box, and am now positively declared that I am perfectly cured and able to do a day's work with any of my comrades in the shop, and Dodd's Kidney Pills undoubtedly cured me, because from starting to take them I took no other medicine whatever.

AND I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the ACT RESPECTING EXTRA JUDICIAL OATHS.

Declared before me at the City of Ottawa, in the County of Carleton, this 16th day of February, 1895.
G. H. KENT.
(Sgd.) CHAS. A. BEAUCHIEP, A Commissioner, etc.

The Free Press in the article published in 1895 stated most positively that Dodd's Kidney Pills and nothing else were entitled to the credit of having saved the dying man's life, and this was most emphatically endorsed by Mr. Kent in his sworn statement. The Free Press also said without qualification that the cure of Mr. Kent was an absolute and permanent one. And while Mr. Kent could not make a sworn statement as to the future, he stated that he felt he was permanently cured.

Notwithstanding this there were many who could not believe that a man with one foot in the grave was cured.

It occurred to the Free Press the other day that it would be well to inquire now, after the lapse of nearly seven years, as to how Mr. Kent was feeling.

He had removed to 408 Gilmour Street and at the address a Free Press reporter found him.

After reminding Mr. Kent of the article and his affidavit the newspaper man asked him point blank: "Have you lost any time from your regular work since you were cured of Bright's Disease by Dodd's Kidney Pills in 1895?"

"Not a minute," answered Mr. Kent promptly.

"Have you since had the slightest symptoms of your old kidney trouble or anything like it?"

"Not the slightest," he said.

"You are sure that Dodd's Kidney Pills and nothing else saved your life

and restored you to your present good health?"

"Absolutely sure. Why, my wife and I are so grateful to Dodd's Kidney Pills that we have christened our little girl, born in December, of 1898, by the name of 'Dodd's.' This shows you better than anything I can tell you to what we attribute my recovery. I owe my life to Dodd's Kidney Pills."

"Would you be willing in order to confirm our story published in 1895 to make another sworn statement?" asked the scribe.

"If it would do you any good I have no objection," answered Mr. Kent.

"The Free Press was certainly well within the truth in every statement that it published about my case."

Mr. Kent, at the request of the Free Press, has given the following sworn statement:—

SWORN STATEMENT, OCT. 3, 1901.
I, GEORGE HENRY KENT, resident at 408 Gilmour Street, in the City of Ottawa, and employed as a printer at the American Bank Note Company in the said City of Ottawa, do solemnly declare:—

1. That on February 16th, 1895, I, George Henry Kent, then resident at 114 Cambridge Street, Ottawa, did appear before Charles A. Blanchet, Commissioner, etc., and before him on that date did make a solemn declaration regarding my recovery from Bright's Disease by the use of Dodd's Kidney Pills and setting forth the facts of my case and its cure.

2. That in the declaration I set forth that I believe that I was absolutely and permanently cured by Dodd's Kidney Pills after the doctors had given me up to die.

3. That I am now absolutely certain that Dodd's Kidney Pills and nothing else saved my life and I hereby unhesitatingly reaffirm every statement made in my declaration made before Mr. Blanchet on February 16th, 1895.

4. That I have never since that date had the slightest symptom of the return of the Bright's Disease or any Kidney Trouble, having enjoyed uninterrupted good health and having worked steadily and without interruption as a printer every working day from the day Dodd's Kidney Pills sent me back to work to the date of this declaration.

5. That in evidence of my gratitude to Dodd's Kidney Pills for having saved my life, my wife and I have christened a little daughter born to us in December of 1898 by the name of "Dodd's."

6. That I have recommended Dodd's Kidney Pills to many people in this city and elsewhere, who have heard of my wonderful escape from death by their use have called on me or written to me enquiring about them; and having followed many of these cases closely, I know of no case where they have been used according to the directions that has not been cured, and I know positively of my own personal knowledge of several extreme cases where Dodd's Kidney Pills have effected satisfactory and permanent cures.

And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1893."

Declared before me at the City of Ottawa, in the County of Carleton, this 3rd day of October, 1901.
