

A CARD.

THE GAZETTE PRINTING COMPANY, at the opening of the year 1888, desire to express their gratitude at the continued and growing appreciation with which THE GAZETTE has been received during the past year. At no period in its existence (now over 110 years) has its prosperity been so marked or the area over which its circulation and influence extends so great.

To meet the requirements of this growth, the Company has completed arrangements for putting in one of Hoe's newest and latest Perfecting Presses, upon which THE GAZETTE will be printed about the beginning of the year. At the same time, a complete new outfit of Type will be put in use. This, it is anticipated, will enable the Company to meet the requirements of the paper's increasing circulation, and to maintain the reputation for clear typographic appearance which it enjoys. At the same time, continued attention will be given to the editorial departments, keeping up the superiority of THE GAZETTE as a Commercial and General daily Newspaper, which has placed it in the first rank of the Canadian press and won for it recognition as the best medium through which to obtain accurate information in regard to trade, political and social movements in the commercial capital of Canada. Besides a large local and provincial clientelle, THE GAZETTE reaches Bankers and Merchants, and Professional men, in all parts of Canada, and is found in large institutions and places of public resort throughout the Union, to all of whom its special features, financial, commercial, general and literary, commend themselves, and by all of whom its value is admitted. To such as do not find it convenient to subscribe for the Daily, THE WEEKLY GAZETTE, printed every Thursday, will commend itself, containing as it does an accurate account, condensed from the Daily, of the week's doings of importance throughout the world. Advertising rates, specimen copies, and all other information will be cheerfully given, on application.
