## One thought dominates M'Clary's

In every part of our great plant—In every operation—down to the smallest part of every stove and range we make—One thought supersedes all others—"M'Clary's must be the best value we can produce."

On that firm principle we have built this giant institution—the greatest stove and furnace works in the British Empire. Now M'Clary's are the unquestioned leaders in many styles of cooking and heating devices.

Any of this list of Booklets on heating or cooking will be sent, if you mention this paper.

- "Service in from the Kitchen"—about the Kootenay Steel Range.
- "Magic of the Pandora"—about the Pandora Cast-Iron Range.
- "Comfort in the Home"—on heating with the Sunshine Furnace.
- "Satisfaction"—dealing with M'Clary's Gas Ranges.
- "M'Clary's Electrical Appliances"—on cooking with electricity.
- "Household Helper"—"Canning Edition"—describing M'Clary's Florence Automatic Oil Cook Stove.
- "The Story of a Range"—M'Clary's Simplex Combination Coal and Gas Range.
