

"Tweed" Steel Troughs

PATENTED 1903, 1904.

Your ear, please—for 1906. The "Tweed" Steel Hog Trough made better, improved much, finished slicker, and the price reduced. "Quality up and price down." How is it? That magic word, "machinery," explains it. We have allowed no expense to hinder us making a perfect article at a low price. **50c. per ft.**—we should have more—**50c.** is even money, and it goes. It's the price you wanted. Send order and money, and we do the rest. Every trough guaranteed.

The Steel Trough & Machine Co., Ltd.,
TWEED, ONTARIO.

DUNN HOLLOW CONCRETE BLOCK MACHINES are in use from coast to coast, and every one giving the best of satisfaction. Concrete blocks make the handsomest, most durable and cheapest building material. They are simply and quickly made on the **Dunn Machine**; and the cost of outfit is very moderate. Full directions furnished.

GRAHAM BROS.

"Cairnbrogie," CLAREMONT,

IMPORTERS OF

HACKNEYS and CLYDEDALES

Established 30 years, and winners at all large shows in Canada and United States. Best of stock always on hand for sale. New importation of Royal winners just arrived.

Clydesdales and French Coachers, Imp.

Scottish and Canadian winners at the leading shows of both countries. The Clydes represent the blood of such noted sires as Baron's Pride, Up-to-Time, Royal Favorite, Ethiopia and Acme. They combine size, quality and action. The French Coachers are a big, flashy, high-stepping lot, and are winners in both France and Canada. Our prices are right, and our horses as good as the best.

GRAHAM & RENFREW'S

CLYDEDALES and HACKNEYS

Our Clydes now on hand are all prize-winners, their breeding is gilt-edged. Our Hackneys, both stallions and mares, are an exceedingly high-class lot. We also have a few high-steppers and carriage horses. Yonge Street cars pass the door every hour. 'Phone North 4483.

GRAHAM & RENFREW, Bedford Park.

GOSSIP.

The annual report of the Clydesdale Horse Society of Great Britain and Ireland, for 1905, shows that during the year export certificates were issued for horses and mares to the number of 653, distributed as follows: Canada, 485; United States, 61; Argentina, 53; Russia, 16; Italy, 17; Austria, 12; New Zealand, 4; South Africa, 5.

A YORKSHIRE CLUB.

On Feb. 8th, during the week of the annual meetings of live-stock associations in Toronto, breeders of Yorkshire swine present provisionally organized a breed society, with the title "The Canadian Yorkshire Club," the object being the preparing a constitution and by-laws for its Government, securing incorporation under the Dominion Act in that behalf, and generally furthering the interests of the breed. Mr. J. E. Brethour, Burford, Ont., was appointed chairman, with the following directors: D. C. Flatt, Millgrove; J. G. Clark, Ottawa; Wm. Jones, Zenda, and G. B. Hood, Guelph.

\$4,000 FOR SHORTHORNS.

At a meeting of the cattle committee of the Canadian National Association, Toronto, held last month, the association decided to duplicate the grant of \$2,000 made by the Dominion Short-horn Breeders' Association for prizes for Shorthorns, thus making a total of \$4,000 to be given in prizes for Shorthorns at the coming Toronto Exhibition. This is a total increase of \$1,000 over 1905, and the largest amount given in America at any annual fair for Shorthorns, if not in the world. It is expected that a number of American Shorthorn breeders will exhibit at Toronto next fall, and Canadian breeders should prepare in good time to hold their own in the competition.

O. SORBY'S CLYDES, SHIRES AND HACKNEYS.

In our advertising columns will be found the advertisement of Mr. O. Sorby, of Guelph, Ont., the well-known importer of high-class Clydesdales, Shires and Hackneys. At the present time he has on hand 17 imported Clyde stallions, the get of Baron's Pride and other noted sires, including the grand-quality four-year-old horse, Prince of London, winner of third prize at the late Toronto Stallion Show; Baron MacEachran, another Toronto winner, a four-year-old; Peerless Pride, rising three, also a winner at Toronto, and others of equal excellence. There are two imported Shire stallions, of which Bramhope Blackthorn, winner of first and championship at Toronto, since sold to go to Lord Aberdeen's farm in British Columbia, is one, and the other, in our opinion, is not far behind. Six imported Hackney stallions, nearly all the get of such noted sires as the great Rosodor and Garton Duke of Connaught, and eight Hackney mares are also in these stables, the whole composing one of the choicest lots of high-class horses in Canada. It is well known that Mr. Sorby is a great lover of "quality" in horses, and the present lot shows an abundance of this. Clean, flat bone, nice, sloping ankles, good hoof heads, and splendid open, free action, characterizes the whole lot. Parties in want of something good should look after these at once, as Mr. Sorby has sold 14 in the last few weeks, and the rest are sure to go, as they are the kind wanted.

BOOK REVIEW.

Any book reviewed in this department may be ordered through this office.

EIGHTH EDITION OF "SOILING."

We are in receipt of a copy of the eighth revised edition of F. S. Peer's book on soiling. As most of our readers are aware, this book treats not only of soiling, but of ensilage, and of barn, stable and silo construction. This book has already been recommended in our columns as a reliable and up-to-date authority on the subjects of which it treats, and we can only repeat our previous commendation.

Light From Above

The ordinary lamp wherever used spoils all lighting effects by its downward shadow. Replace it with

The Angle Lamp

and the improvement will surpass belief. "No under-shadow" is a great feature. But for the quality of its light alone it is surpassing gas and electricity in city and country homes. Its light has all of their power with none of their glare and unsteadiness—soft, mellow, eye resting, and absolutely free of the smoking and offensive odors of ordinary lamps, either. There is nothing like it for convenience. It lights and extinguishes like gas, without removing globe—one sitting burns 16 to 20 hours, costing about 15 cents a month for oil. Compare that with the monthly gas and electric bills, or even the cost of that troublesome, smoky, smelly lamp you are using. For quality of the light, economy and satisfaction for all lighting purposes, there can be no comparison. It is the cheapest and the best kind of illumination.

50 DAYS FREE TRIAL to show its superiority. You are sure to buy it if you know it. Write at once for our book which explains all. Ask for catalogue No. 20.
