Pays for itself in fuel saved

Don't allow a few extra dollars to prevent you from taking the perfect-cooking, sure-baking, easily-regulated Pandora in place of a cheaper stove. In a season or two Pandora will pay the difference in the fuel it will save—and it will keep on saving until it has paid for itself.

Pandora special flue construction makes fuel do double duty. Wide fire box is another fuel-economizer. The steel oven heats quicker than a cast oven, thus saving still more fuel. Further economizing features will be explained by the McClary Agent.

IT PAYS

To make your stock comfortable. Any progressive dairyman will tell you that

**U-BAR
STANCHIONS
and
ACORN
COW BOWLS**

will earn their cost many times over by increasing the profits from your herd.

U-BAR STANCHIONS are strong, safe and easy to operate. There is no better stanchion made.

ACORN COW BOWLS are the only perfect automatic watering device. They require no float tank, and the piping may be either above or below the stall. The bowls may be placed wherever convenient. Cows immediately learn to press the disc and drink whenever they wish.
