METALLIC CEILINGS

Both clean and fire-proof—no dust and dirt falling, as from plaster ceilings. Costs no more, but looks thrice as artistic. The life of a plastered or papered ceiling is short and nearly every year needs repairs. Our *Metallic Ceiling* will last as long as the house—always fresh and clean. We can send you hundreds of pretty designs to select from for both ceilings and walls.

Our beautiful free booklet tells you all about *Metallic Ceilings and Walls*. Send for one. Phone Park 800.

"Really I don't know how people can stand the constant drudgery necessary to keep the ordinary ceilings and walls clean. *Metallic* is so clean and sanitary."—*The Philosopher of Metal Town*.

SOMETHING BETTER

EVERY FARMER needs "Something Better" than the old-fashioned, unreliable windmill for general purposes. OUR "JACK JUNIOR" will furnish abundance of power to pump water, run separator, grindstone or corn-sheller, and other purposes requiring small amounts of power.

THE "JACK JUNIOR" is a practical one-horse-power portable gasoline engine, mounted on wooden base, complete with battery. The gasoline tank and evaporator tank are cast with the engine, as illustrated, making an unusually simple and compact engine.
