

The "New Ontario Separator"

THIS little Separator is what many farmers are looking for. It can be run with our 2 or 3 Horse Level-Tread Power, or our 4 to 6 Horse Sweep Power, or a Gasoline Engine. This Separator is just the thing for the newer parts of Ontario, the Province of Quebec, the Prairie farms of the Great West; in fact, anywhere where farmers are desirous of doing their own threshing with only the ordinary help of the farm. Write us for full particulars.

Going to Build?

A new house, barn, silo, concrete floor, or any other such work? If so, use

Queenston Cement

THE old brand made by a new process. No better cement made. All who contemplate using cement should first inspect the different structures built of the different kinds of cement, and then they would know which is best and cheapest. We especially request those interested to ask our many patrons about the new-process Queenston Cement used during the latter part of last season. Do not be misled by statements from those who sell the goods most profitable to themselves. Write for prices, estimates and full particulars.

We can save money for you when building.
