

"THE OSBORN" LOCK-STITCH
Family Sewing and Light Manufacturing Machines.

Is the result of a great deal of inventive ingenuity and experiments. None but the best and simplest combinations of mechanism are employed in its construction. It is built on the "cam" principle, experience proving it to be a thoroughly reliable one. Such useless complications as Springs, Cranks, Cog-Wheels and Bolts are dispensed with. From the enormous outlay required for machinery and tools in the production of machines on this principle, but few parties have yet attempted it. Having surmounted the difficulty, however, we are enabled to give positive and perfect motions with one-half less machinery than contained in machines using intricate "head-gear" and "heart motions," and present it to purchasers as a first-class article, believing it to be the BEST FAMILY AND LIGHT MANUFACTURING SEWING MACHINE NOW IN USE. It is simple, compact, strong, beautiful and durable. It is capable of a range and variety of work such as was thought impossible long ago to perform by machinery. It is the best made, best adjusted, easiest operated, cheapest and most beautiful in model, quiet, and rapid in its movements, of any family Machine in the market.

THE most simple Machine in the WORLD. It has only about ONE-FOURTH the parts in its construction that is in other Machines,—thus Simplifying it, and therefore can only be ONE-FOURTH as liable to get out of repair. It makes the genuine SHUTTLE OR LOCK-STITCH alike on both sides. It runs LIGHT and RAPID. It sews Light and Heavy Goods without change of TENSION or STITCH. It uses a Short Straight Needle, which is not near so liable to break. It has the under or FOUR MOTION FEED,—the best in use. It never skips Stitches, or breaks a thread,—for reasons *Why*, call at our office, or send for circular. It has a Complete Outfit, without extra charge. It is highly finished, equal to the highest priced Machine. It will FRINGE, HEM, FELL, TUCK, CORD, BIND, QUILT, BRAID, GATHER and SEW on at the same time, or anything that is possible to do with any Sewing Machine. It is fully WARRANTED, and just the Machine for PRIVATE FAMILIES, MILLINERS, DRESS-MAKERS, TAILORS and FARMERS. It has many points of excellence which we cannot explain here, but will be pleased to have you call at our Office or the nearest Agent's, and see the Machines in motion.

Front, 527 feet; Depth, 219 feet.

Hitherto the facilities of the Wheeler & Wilson Manufacturing Co., great as they were, have been inadequate to supply the unprecedented demand of this favorite machine. Recent extensive additions to the Company's manufacturing resources, however enable them now, not only to supply the demand of the world, but at a much cheaper rate. The public in Canada will now reap the benefit of these changes, and it is expected the present large reduction will not only increase the sale still more extensively, but enable the very poorer classes to procure them, and by our system of easy monthly payments, every family in the land may become the possessors of a machine celebrated the world over for its sterling worth and great durability.
