Love of Home Inspires a Man

The average man's interest in life would cease in time if he were deprived of his home and family. It is not for himself that he is aiming to make a success of life—his home is his inspiration.

Still greater is his enjoyment of home if he has the assurance that, even in the event of his death, the spot hallowed by a thousand associations would still be maintained. Life insurance alone affords the necessary guarantee.

This Company exists to protect Canadian homes. Protect the old home and its inmates with a Mutual Policy.

Most Needed New Year's Gift

"IF I had my choice what would be the most needed New Year's Gift to my wife and family? There is that Insurance policy on my life. I may not need it right now, but, as that Continental Life man told me, before many years my dependents—or I myself—will likely need it badly, and of course it's now or never. A few dollars saved each year, while I am in health and can spare the money—will give us a regular monthly pension for our support and comfort in old age, or for my family in case I have passed on. *The Continental Life* issues all the latest Policies for family or business protection, and I know of no other New Year's Gift that will be so lasting and afford so much happiness. I'll take it."—*From our latest policyholder.*

Our "*Twenty Pay Life Rate Endowment Policy*" guarantees the most liberal protection to families, and without extra cost amply provides for old age. No Insurance Policy issued offers more liberal guarantees; and, at maturity it may be extended without further payments as an Endowment Policy, which returns you profits every five years, and is good for its face amount at end of term or at death. It eliminates worry and substitutes sweet, abiding peace. Don't delay, but

See our nearest Agent, or write to Head Office for full particulars, stating your age at nearest birthday.
