

# MACDONALD COLLEGE

MACDONALD COLLEGE OFFERS THE FOLLOWING COURSES TO FARMERS  
AND THEIR SONS AND DAUGHTERS:

1. Short courses in **Stock and Seed Judging** and in **Poultry Raising, Fruit and Vegetable Growing**. These courses give practical instruction to Practical men and women.
2. Two-year course in Agriculture. This course gives an excellent training in the several branches of Agriculture to the boy who intends to remain on the farm.
3. Four year course in Agriculture, a course leading to the degree of B.S.A. given by McGill University. A thorough and scientific course of training in Annual Husbandry. Cereal Husbandry. Horticulture, etc.
4. A three months course in Household Science which provides training in practical work in all branches connected with the home.
5. One year Home maker's course in Household Science.
6. Two year Home maker's course in Household Science. Courses 5 and 6 are planned to give the student a good foundation in the different branches of ordinary household work supplemented by those Scientific Studies which have a bearing on the subjects of cookery, laundry, household art, hygiene, etc.
7. The Protestant Central Board of Examiners for the Province of Quebec grants diplomas only to teachers in training of Macdonald College who have received the necessary training.

Three diplomas are given. 1. **Elementary Class**, studying for the Elementary Diploma. 2. **Kindergarten Class**, studying for the Kindergarten diploma. 3. **Model School Class**, studying for the Model School Diploma.
