

LIVE STOCK MARKETS. TORONTO.

Receipts of live stock at the City Market were 61 loads, composed of 848 cattle, 995 hogs, 279 sheep and 227 calves.

The quality of fat cattle was not as good as last week's deliveries.

On account of the light delivery of cattle, prices were firm at Monday's quotations, when quality is considered.

Exporters—Few exporters were on sale, and prices ranged from \$5.75 to \$6.10; export bulls sold at from \$4.50 to \$5.25, and one or two of extra quality sold at a little more money.

Butchers—Butchers' cattle sold at about the same prices as on Monday, best loads selling up from \$5.50 to \$5.80; medium, \$5.15 to \$5.40; common, \$4.75 to \$5.10; cows, \$3 to \$5, according to quality.

Feeders and Stockers—H. & W. Murphy report a few lots on sale, with prices unchanged. Good steers, 1000 to 1100 lbs. each, at \$4.75 to \$5 per cwt; good steers, 900 to 1000 lbs each, at \$4.25 to \$4.75; good steers, 800 to 900 lbs each, at \$3.90 to \$4.25; good steers, 600 to 900 lbs. each, at \$3.25 to \$3.90; light stockers 400 to 600 lbs each, at \$3 to \$3.25.

Milkers and Springers—There was an excellent market for the best class of cows, but common, light cows were not in demand. Prices ranged at from \$30 to \$60 each, the bulk of the good selling at \$45 to \$55 each.

Veal Calves—Prices for veal calves remained about the same, at \$3 to \$5 per cwt. A few of the best sold as high as \$5.50 per cwt.

Sheep and Lambs—Sheep sold at \$5 to \$5.50 per cwt; rams at \$4 to \$4.50; yearlings, \$6.50 to \$7.50; spring lambs sold at \$3.50 to \$6 each.

Hogs—Mr. Harris reported the market unchanged at \$6 for select and \$5.75 for lights.

NEW ELECTION LAWS.

The writs ordering the election of a member of the Legislature in each constituency have been sent out to the returning officers throughout the province, and cases containing ballot boxes, papers and necessary paraphernalia are now being shipped to them for use on June 8th. The writs were in force from 11 o'clock Monday. This means that all those who have been nominated by party conventions to contest ridings, or have announced their intention to seek election, become amenable to be provisions of the law governing the conduct of candidates. The law as it now stands says that any person is guilty of bribery and liable to a fine of \$100, and imprisonment for six months, who gives or promises money, employment, gift or loan to any voter for voting, or refraining from voting. The same penalties attach for the offence of accepting or applying, either before or after the election, for consideration for voting or refraining from voting. Candidates may not provide refreshments at any public meeting, on pain of a fine of \$100. The same applies to other persons, although refreshments may be provided by the host at a meeting held in a private house. Treating makes a candidate or his agent liable to a fine of \$200. It is not a sufficient defence that a person charged with the corrupt practice has been in the habit of treating. Betting in order to influence an election, is an offence, as is also the hiring of conveyances by the candidate or his agents, and the supplying of transportation to the voters to the polls. Persons providing conveyances for consideration are also guilty of a corrupt act.

IN ANOTHER FORM.

Dr. S. Weir Mitchell tells with keen enjoyment of the experience of a medical friend of his who engaged a nurse, recently graduated, for a case of delirium tremens. The physician succeeded in quieting the patient and left some medicine, instructing the nurse to administer it to him if he "began to see snakes again." At the next call he found the patient again raving. To his puzzled inquiry the nurse replied that the man had been going on that way for several hours, and that she had not given him any medicine.

"But didn't I tell you to give it to him if he began to see snakes again?" demanded the physician.

"But he didn't see snakes this time," replied the nurse confidently. "He saw red, white and blue turkeys with straw hats on."

A young man named John Graham was so seriously injured in the Dobbinton sawmill on Saturday that he may not survive. A stick flew off a saw, striking him in the face, cutting and crushing it terribly. He is a son of Mr. John Graham, 10th Elderslie, and a very well known young man.

CATARRH NOW CURABLE

BUT NEVER BY MEDICINE SWALLOWED,
SNUFFS, SPRAYS OR DOUCHES.

Catarrh is not a blood disease and that is why it cannot be cured by any medicine taken into the stomach. Catarrh is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissues and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucous, discharge from the nose, difficulty in breathing, hoarseness, dryness and stoppage of the nose, tickling in the throat and other symptoms that can only be reached by the dry air principal of Hyomei.

It medicates the air you breathe with the curative properties of the Australian Eucalyptus Forests where catarrh is unknown.

The reason you get relief in a minute or two from Hyomei is because it destroys every catarrhal germ in the air you breathe, and its dry penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom for oppressed respiratory organs. J. Coates sells Hyomei under a guarantee of satisfaction or money back. Price \$1.00.

A GOOD TIME TO STAY IN.

(Live Stock World.)

Getting out of the hog business at this juncture will prove poor policy. It is the logical time to stay in.

The average producer with a penchant for jumping out when prices are low and getting in on ever boom, invariably misses the mark at which he shoots.

"Jim" Hill, the railroad magnate, owes much of his success to reversing the methods of the average railroad developer. It took nerve to do it, but results count and Hill can show them.

Hill built across the continent during a period of financial and commercial stagnation. Wise ones predicted that he was headed towards bankruptcy, but he had peered into the future and realized that the road he was building would be taxed to its full capacity when prosperity in its turn, came along.

He built that road 40 per cent. cheaper than if construction had been delayed five years, and had it ready for operation when it was needed.

The man who sticks to the hog-breeding proposition now will have porkers to market at good prices when the fickle ones are deploring their bad luck which diverted energies in other channels. They are the will-of-the-wisp chasers.

The people of this country will consume more hog product next year than this. Some will quit breeding and an over-supply is impossible. Stick to the game, use only good breeding stock, house and treat your herd intelligently and you will not regret it.

Private Moir, the slayer of Sergt. Lloyd, was committed by police magistrate Love of London to stand his trial at the September assizes on a charge of murder.

This is the Best Time for Spring Medicine.

Taken now the blood is renewed, disease germs are destroyed, good summer health assured.

That peculiar weakness so common in the spring, is demoralizing to body and mind alike.

Stupid, absent-minded and dull, you feel the need of a stimulating tonic. To import quickness and great vitality to the entire system nothing acts like Ferrozone. In a short time it makes you feel fit and fine, creates a feeling of youth and strength that's surprising.

Ferrozone revives and braces the sick because it nourishes and builds up the organs that are weak. As a spring tonic, appetizer and blood strengthener it is unequalled.

A well-known resident of Utopia, Ont. Mr. H. H. Postle writes: From long experience I am convinced that everyone requires medicine in the spring. As a rule the blood is thin and impure and the whole system is congested with poisons that should be carried off. I use Ferrozone because it clears the system, gives you an appetite and makes you feel well. One winter I had a serious palpitation of the heart, nervous headaches and an extreme tired feeling. Sleep was not restful and by spring I was in bad shape. I took six boxes of Ferrozone and was made the picture of health.

Ferrozone makes permanent cures. Absolutely safe because it is purely vegetable and contains no alcohol. Concentrated cure in tablet form, — that's Ferrozone, 50c per box or six boxes for \$2.50 at all dealers.

An airship at Berkeley on its trial trip fell 300 feet with 15 men, and one may be fatally injured.

June bugs are a plague this year, or the next thing to it. Farmers report that they are eating the leaves off the trees. This bug and grub question is becoming serious, and the people are beginning to realize more and more every year the value of birds. The man or boy who kills a bird or robs a birds' nest is an enemy to the whole community.

A giant cracker set off by S. Turner, a Winnipeg lad, destroyed the sight of one eye.

Albert Cullen, of Welland, 17 years old, was drowned yesterday while swimming. Two thousand spectators in the park watched the recovery of the body.

The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.
