

## The Little Beauty Night Lamp.

Will Stand or Hang. The only perfect Lamp for Halls, Bathrooms, Bedrooms, Basements, etc.

It burns ordinary kerosene oil. And from one filling (which costs less than 1 cent) will burn 40 hours without odor. For entries, doorways, stairways or anywhere. Each lamp is provided with 21 inches of wick, and with ordinary care this wick will last several years. The lamps are made of brass, handsomely nickel plated. They look like an electric light when lighted. Hang it up when retiring and it will afford a steady light throughout the night.

Extra Globes and Wicks, 7c. each. Price 75c. or 80c. Post Paid.

## READ THIS! To The Fishermen:

### Buy "THE COAKER" Kerosene Motor Engine!

A Motor Engine made for The Union Trading Co.

by one of the Largest Motor Engine Manufacturers

in America is now available to the Fishermen.

"THE COAKER ENGINE."

"THE COAKER" is a 6 H.P. 4 Cycle Engine, and can be operated on half the oil consumed by a 6 H.P. 2 Cycle Engine. This Engine's power is equal to the power of some 9 H.P. 2 Cycle Engines. It is made for Fishermen's use and expressly for Trap Skiffs and the large size fishing bullies. It is sold to Union's members at wholesale prices. All commission and middlemen's profits being cut out. We have contracted for the manufacture of 1000 of those engines. The engines will be carried in stock by us here and can be delivered by April 1st. We will carry parts and fittings in stock. We will arrange reasonable terms of payment to meet the requirements of men unable to purchase for cash. WE GUARANTEE THE ENGINE. An expert has been engaged to attend to the installation of our Engines. Write for particulars and terms. See Circular Letter sent to all Councils concerning this engine. We confidently recommend the engine as being of the very best make and material, of being exactly what is needed for the Fishermen's use and GUARANTEED TO GIVE SATISFACTION. It is above all durable, simple and capable of doing heavy work; it is not a toy engine. The spark plug is attached to the side and not the top. The engine starts on gasoline.

This engine is sold \$75 cheaper by us than by the regular agents selling a similar engine. No agents will be employed to sell these engines. We will do our work through the Councils of the F.P.U., therefore one dollar on every three will be saved by buying these engines from the Trading Company. We are prepared to dispose of 2000 of these engines during the year 1914. The Union would have done better and arranged longer terms of payment had the Liberal-Union Party been returned to power, as we believe public monies should be available to aid Fishermen to carry on their work and assist every industrious man to become independent. The Southern Districts being coddled by the catch-cries of Graballism have debarred the Fishermen from receiving loans from public funds in order to secure those desired improvements, but the Trading Company will endeavor to do what is possible to aid Union members, and in spite of Graballism thousands will possess motor boats in two years who are to-day without them. All particulars on application to
