Steamer Al Demaree seems unable to cast over the Giants as they are spell under which he held the Mc Graw outfit prior to its reorganization last fall. No longer do the Giants quake when the noted cartoonist makes his appearance, and

for them it would appear the genial Falls. Al and his little pocketful of rosin hold no terrors. There was a time -and it was not so very long agothat all Demaree had to do to beat the Giants was to take his place on the mound and dip his right hand in the back pocket of trousers. Al hasn't trousers. hasn't had

much on the ball since he was cast adrift by the Giants, but that fact never seemed to make any differwhen he faced them following his exile. This year, however, has seen the passing of many a Giant jinx, and Demarce has not escaped. They have heaten him three or four times.

There is something about this man Bezdek, or whatever his name is, who has been named manager of the Pirates, that strikes us favorably.
