Twenty-Nine Lives Lost—  
Whole Village Almost  
Wiped Out

Chicago, June 10.—Twenty-nine  
known dead and forty persons injured  
constitute the list of casualties re-  
sulting from storms of wind and rain  
which swept over Southern Illinois  
and Indiana and Central Kentucky  
Saturday night and yesterday. These  
fatal visitations came in the shape of  
cloudbursts, high winds and electrical  
disturbances. The property damage is  
many thousands of dollars. Houses  
were swept away, bridges demolished  
and thousands of acres of growing  
crops destroyed.

Gradyville was the worst sufferer,  
twenty-one persons being drowned or  
crushed by falling houses.

The disaster was due to the erratic  
behavior of Big Creek, which was al-  
ready swollen by recent rains. When  
the cloudburst precipitated 6 inches of  
rain in an hour on Gradyville and  
vicinity, the creek took a new course,  
with the force of a tidal wave.

Inhabitants of Gradyville were nearly  
all in bed when the foaming waters  
struck the town carrying away six  
residences, a mill and a number of  
small houses. Nearly all the victims  
were drowned, but four were crushed  
by the collapse of dwellings.

Gradyville is a village of 175 in-  
habitants in Adams County, six miles  
from Columbia, and 187 miles from  
the nearest railroad station.

At New Minden, Ill., a tornado killed  
five persons and injured six others.

At York, Ill., three persons were  
killed and thirty injured by a tor-  
nado which descended on the town  
Friday night.

The storm broke while most York  
people were at supper. Entire families  
were buried in ruins of houses. The  
storm lasted less than 4 minutes. All  
outside communication was cut off  
until yesterday.

At Duquoin, Ill., many houses were  
blown down around the outskirts of  
the town, and four persons were in-  
jured.
