Business Office 53. Edit

THE COUNTY COUNCIL.

The County-Council has come and gone and the affairs of this banner agricultural district will now continue to go on pretty much the same as they did before the session was opened. As will be gathered from the full and accurate reports of the proceedings which have appeared in this journal, nothing of very great national importance was brought benational importance was brought before the attention of the commissioners and they were not called upon to transact very much business of a revolutionary or radical character. They have, however, succeeded in putting in a fairly busy week He of routine business and committee work-considering the advisability of

deemed it expedient to offer a little friendly advice to the Ontario Government and a resolution was passed petitioning the Legislature to reduce the number of M.P.P.'s one half, in order to save some of the expense now incurred by the holding of Government sessions. Other matters of similar importance were brought up and disposed of.

The local press came in for its share of attention and the accusation was made that biased reports were published in connection with the dispute between the C. C. I. Board and the Council re the amount of the S. F. GARDINER-Pranch Manager. which should be bourne by the

the county to pay 80 per cent. of Minister thought it necessary to this maintenance, and the other join.

extra 20 per cent. which naturally The debate was commenced by Mr. has to be paid by some one, falls on the shoulders of the city. This is the privilege of the Council and they were within their legal right in taking this stand. The county members on the Board however. in taking this stand. The county members on the Board, however, some of whom have children attending the school—did not wish the city to pay for part of the education of their scholars and joined in making the position of the C. C. I. Board unanimous.

The matter has hung fire altogether too long between men who have the reputation of being busi-

gether too long between men who have the reputation of being business men, but it appears now that a compromise may be made. In future it might be well to have an It is hoped that the Government. agreement between these two bodies may see its way clear to at least give to govern this question.

TARIFF REVISION.

The present session of the Dolminion Parliament is turning out to be one of the most unfruitful ones ever held at Ottawa as far as useful legislation is concerned. True, matters of importance have been brought up of importance have been brought up—matters calling for serious attention and prompt and vigorous action, but they have been brought up by the members of the Opposition and they have not received the manly, honest and straightforward consideration from the government which should be given them. They have should be given them. They have been matters in which the people of this fair Dominion are most vitally interested and relating to the honest management of public affairs. Well founded charges of a very serious nature have been made against members of the government and their embers of the government and the go

always follows the use of Hyornei, and great benefit is seen after a few days treatment.

The complete Hyomei outfit costs only \$1, and consists of an inhaler cussion of these, none of them have been disproven, and the Laurier Government stands discredited in the cyes of the electors.

While Premier Laurier and his colleagues have been striving in vain attempts to patch up the misdeeds of their agents and servants the people have been looking in vain for the fulfilment of their pre-election pledges. One of tuese, a most important one, is the revision of the tariff. So far nothing has been heard from either the Premier or any of his ministers on this matter in which they were so willing to in which they were so willing to promise wonders.

Gin Pills Help You As Nothing Else Will

which should be bourne by the county.

The charge is so obviously missic directed as far as this journal is concerned that a refutation is hardly necessary. The Planet has at all times dealt fairly with both sides, with accurate reports of meetings and interviews, and has never refused publicity to any councillor or trustee who wished to express his views in the matter.

The C. C. I. Board has taken the position that the County should bear all of the expense of maintaining county pupils at the Collegiate Institute. The Council on the other hand has seen fit to take advantage of an amendment to the statute—which was made for another county which was made for another county which was made for another county which was made for another county and the country pupils at the country pupils at the collegiate Institute. In the face of this negligence on charity he is apt to have with it.

FASHION HINTS

LADIES TUCKED SKIRT

The combination of tucks, shirrings and insertion results in a charming skirt to wear with odd waists or to complete a costume. The skirt is cut in three sections, each section having a straight lower edge. The girdle is used as the foundation for the shirrings for the princess girdle, or if preferred the skirt may be fashioned in regular skirt effect, dispensing with the girdle. Flouncings in hand or machine embroidery are admirably adapted to making a skirt after this patitiern. Grepe de Chene, ve ling, chiffon cloth, drap d'ete, peau de cygne, bitiste, No. 4138. drap d'ete, peau de cygne, batiste, detted Swise, and organdie are recom-

mended.

The quantity of material required for the medium size is 71.2 yards of 26 inch goods, 1.2 yard of lining for girdle, and if flouncing is used 10 yards of 25 inch width will be required, or 51.2 yards of insertion to trim. Pattern No. 4188 is cut in sizes 24 to 28 inches waist measure. Mailed 24 to 28 inches waist measure. Mailed postpaid on receipt of 10 cents, name size and address to the Fashion Drsize and address to the Fashion D part of C. Austin & Co., Chatham,

In the vicinity of Westport a son of John Cook, a farmer, was rendered unconscious for several hours by dered unconscious for several h shock. He is yet partially paralyz-

Does Your FOOD Digest Well?

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or bow carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, lost appetite, depression and langour. It takes no great kno wledge to know when one has indigestion, some of the following symptoms generally exist, viz: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

The great point is to cure it, to get back bounding both.

The great point is to cure it, to get back bounding health and vigor. BURDOCK

BLOOD BITTERS is constantly effecting cures of dyspepsia because it acts in a natural yet effective way upon all the organs involved in the process of digestion, removing all elogging impurities and making easy the work of digestion and assimilation.

digestion and assimilation.

Mr. R. G. Harvey, Ameliasburg, Ont., writes: "I have been troubled with dyspepsia for several years and after using three bottles of Burdock Blood Bitters I was completely cared. I cannot praise B.B.B. enough for what it has done for me. I have not had a sign of dyspepsia since."

Do not accept a substitute for B.R.R. There is nothing "just as good."
