SPECIAL NOTICES.

THE READY REMEDY.—The variable tem-reture of autumn is always pregnant with ilds and all pulmonary disorders. Dr. ilson's Pulmonary Cherry Balsam, dili-ntly used will be found to be the most ficient means of immediately banishing ughs or lung compleints in their worst rm. Whenever the system is predisposed weakness of the cheet, this Balsam will found sure to eradicate the seats of future ischief in the lungs. Asthma, bronchitis, ronic cough, etc., all disappear before the cessful employment of Dr. Wilson's ilsam, which in the most obstinate cased ly require a moderate amount of time and

The beauty of Dr. Wilson's Family-Anti-Bilious Pills is, they do their work without pain. They gently move the bowels, increase the appetite, act gently on the liver, purify the blood, improve the whole system, keep it in order, and prolong life. They are especially got up to strengthen and build up the system.

A subscriber tells us that for years he has been a sufferer from chronic rheumatism; and from his having a supply of Dr. Dow's Sturgeon Oil Liniment in his house, which he always keeps for his horses and stock, he was led to try it from his complaints; and to his great joy he was entirely cured. He would not part with his new found remedy for anything.

Why should any man permit his horse to run down as we frequently see? In many cases it arises from not knowing what to do, in others the remedy is put off from day to day, hoping relief will come of itself.—Keep Clark's Derby Condition Powders always on hand, give them occasionally as you see they are required, and do not let your horse run down. They keep him so that he feels the full benefit of his food.
