Poetry.

The Song of the Workers. sing the song of the workers, the the brawny arm, Who give us our daily bread, from hunger's harm;

Who labor afar in the forest, who leaven the fields with toil, Who take no heed of the sunshine, and

sing the song of the workers, who harves the golden grain. And bind it, and thrash it, and sift it, Vho load it in creaking waggons, and sto ly their oxen drive,

bees flying home to the hive. sing the song of the workers, the men who struggle and strain, Who give us their muscle and nerve, as the guard the loaded train,

Who give us their sinew and brain, as the watch the prisoned steam, And run the risk of their lives, as they pass the perilous stream. sing the song of the workers, the men wh

labor and strive. Vho handle for us the honey the human hive; The patient and tireless workers, with muscles as tough as steel,

Who'carry the heaviest burdens, and lift and trundle, and wheel. sing the song of the workers, demanding for every one

His just and rightful due for all the work h has done; For all the work of the workers, no matter whom or where. proportionate share.

General Intelligence.

Light Thrown on the Loss of the State of Florida. CAPTAIN SADLER'S NOBLE CONDUCT

MONTREAL. May 9. The crew of the ill-fated steamship

State of Florida seem to have recovered a little from the strict orders given cumstances attending the disaster, and now the truth is leaking out by degrees that the fault of the collision lay entirely with the steamer's officers. deck in charge. Mr. Bennett, of London, Ont., when asked the question direct, "Who was to blame?" said:—

son. The bulk of the stocks now held are of low qualities, and the best opheld subject to orders from the Hondricet, "Who was to blame?" said:—

sonne from the market of anything You ask me if any one was to blame? think as it was the first officer's watch that he was, if any one. He saw the Ponema some half an hour to him three times before the collision.

light half an hour previous to the colgreen one to starboard and thought at first it was a steamer, but afterwards not get employment.

noticed she carried no clear light at her masthead, and was then assured that it was a sailing vessel. Thinking that all was right, he went below, and, having turned in, was soon sound asleep. He was awakened The Charlottetown Patriot says:

The Cost of Reverting a Train.

The general public has little or no idea as to the actual cost of running a railway rain. The estimates made differ very widely, and as there are so many elements that enter into the calculation, this is hard to be wondered at. Men of long experience in railway service, and who have made a study of this particular subject, agree however that the average cost of running are train.

The London Times of the 16th contract of the sound was bound from Pictou to Montreal with coal.

Ashore on Anticosti.—Captain Brownrigg, of the bark "Donald Ferguson," at Quebec reports while passing 20 miles east of the southwest point of the island of Anticosti he saw what is supposed to be a steamer ashore in a cove at that point, surrounded by a large quantity of ice. He states that she was brig-rigged and painted black, with gilt letters on the stern.

The London Times of the 16th contract of the proper who departed from Nova Scotia for the United States ashort time ago, have returned home again, and a large number are wishing to be considerably depressed—in the States, and work is difficult to obtain. Young men are travelling the streets of Boston, day after day, seeking employment in vain. The stay-athomes, provided they have fairly remunerative employment, have decidedly the best of it this year at least.

The London Times of the 16th contract of the United States as short time ago, have returned home ashort time ago, have returned bore to assert that, notwithstanding this report, not one fourth of the poultry named was and 2,500 lbs. of poultry. Now I venture from Nova Scotia for the United States as short time ago, have returned home ashort time ago, have returned home backet as the threat of the united States. Such that, not with the not one fourth of the poultry named was and 2,500 lbs. of poultry. Now I venture to any our young people who departed from Nova Scotia for the United States ashort time ago, have returned home backet. S 80,000 of pork had equally been produced and 2,500 lbs. of poultry. Now I venture proper authorities, and hope they will take them into their consideration at the proper
