General Intelligence.

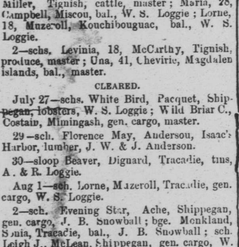
IS PARALYSIS CURABLE?

MR. GEORGE LITTLE, OF ESSEX COUNTY, SAYS IT IS.

He Gives His Own Terrible Experience to Prove the Truth of His Assertion—Suffered for Over Two Years—Both Himself and Family Thought that Only Death Could End His Sufferings—Again Enjoying the Blessing of Sound Health.

From the Essex Free Press.

Life is truly a burden to those not blessed with a full measure of health and strength, but when a strong man is brought to the verge of almost utter helplessness, when doctors fail, and there is apparently nothing left to do but wait the dread summons that comes but once to all, the case assumes an aspect of extreme sadness. In such a condition as this did Mr. George Little, of the township of Colchester North, find himself, and recently the Free Press hearing incidentally that he had recovered health and strength, a reporter was sent to investigate. When seen, Mr. Little expressed a willingness to state the nature of his case, and his story is as follows,—



'Had to sit with feet in a hot oven.'

Some four years ago Mr. Little suffered from a severe attack of la grippe which left his lower limbs partially paralyzed. He called in one of the best known physicians of Essex county, who appeared to do all that lay in his power for the relief of Mr. Little, but to no avail. For two and a half years he suffered the most intense pain and was confined to his bed for the greater part of the time. The doctor was puzzled with his case and as he seemed to obtain no relief, he changed doctors for a period. The second doctor did no better than the other, and Mr. Little returned to the one he had first called in. Finally, despairing of ever obtaining relief, he told the physician that he did not see any further use of taking his medicines, and believed he should die if he did not obtain relief in a short time. He had wasted away to little more than a mere skeleton, and was an object of pity by his neighbors, and felt himself a burden to his family. His wife and family had given up hope, and his neighbors all thought it was merely a question of time when Mr. Little's death would relieve his sufferings. While his limbs were partially paralyzed he could use them sufficient to hobble about the house and door yard, but if he undertook to walk to the stable he would be confined to his bed for a week after. His limbs grew numb and cold. During the hottest summer days he was obliged to sit with his feet and legs in a hot oven, wrapped in flannels and hot cloths until the skin would come off in scales. Mr. Little believed that his physician was doing all that could be done, and has nothing but kindly feelings for the treatment he received at his hands but he is certain that the doctor had no hope of his recovery. He had tried an advertised mineral water, taking in all seven gallons of it, but failed to obtain relief. After suffering for two and a half years, Mr. Little, in the summer of 1893, read of a case similar to his own, that had been cured by the use of Dr. Williams' Pink Pills. Grasping at this last hope, he sent for a few boxes and began taking them. Before the second box was all used, Mr. Little was satisfied that he had found a remedy that would cure him of his exceedingly painful and mysterious ailment. Mr. Little continued the use of the Pink Pills for several months and was able to get out and do light work about his farm, which he had not been able to do for over two years. He continued taking Pink Pills a while longer, when he was fully recovered and was able to do any of the hardest work on his farm, and in the winter time worked almost steadily at saw-logging and wood-chopping. During the past fall, he says, he was frequently caught out in heavy rain storms when away from home, but he had so far recovered that his exposures have not brought any bad results. During the very cold weather of the present winter he was hauling wood to Windsor, a distance of fifteen miles. He looks at present as if he had hardly seen a sick day in his life time.

Mr. Little feels deeply grateful to Dr. Williams' Pink Pills and claims that his complete recovery is entirely due to the use of the pills. He gives his testimony for the benefit of others who may be similarly afflicted. Mr. Little's wife who was present at the interview, corroborated Mr. Little's testimony and believes he owes his entire recovery to the use of Pink Pills. The entire family look upon the husband and father as one rescued from the grave by the timely use of Pink Pills.

On enquiry among Mr. Little's neighbors, we find that he is a man of unloubted veracity. He has lived in Essex county all his lifetime, and on his present farm in Colchester North, about four years. He is the superintendent of the Edgar Mills Sunday school, and his case is too well known in that district to be disputed. His neighbors looked upon his cure as a most miraculous one, his death having been expected among them for many months before he began the use of Pink Pills.
