that there was nothing for them—that all vacancies had been filled. "I wish," said one woman, who left the building after she had been told that there was no work for her, "that the advice of former President Small, in urging against a general strike, had been accepted."

A man, whose place also had been permanently filled, in speaking of the action of former President Small, said: "Mr. Small was represented to us as the enemy of our interests, and we were led to believe that the time was opportune to get what we wanted. Now we know better, and some gentlemen who are holding down jobs in the Commercial Telegraphers' Union will find themselves high and dry at the next convention, unless all of the disaffected ones find employment in other lines. That is, of course, if any convention should be held."

GOT THREE YEARS.
CONVICTED OF THEFT, WOODSTOCK LAD GOES TO PENITENTIARY.

Threatened to Beat Complainant's Brains Out—Another Youth Charged With Indecent Assault—Alleged to Have Attacked Farmer's Daughter.

Woodstock, Ont., Nov. 7.—(Special.)—Bill Bates, an incorrigible young lad of this city, was this morning sentenced by Magistrate Ball to three years' imprisonment in the Kingston Penitentiary. He was charged with stealing one dollar from Roy Rudd, clerk in a cigar store. The money was taken from Rudd's pocket as he was going down the stairs, and Bates pleaded guilty. After his sentence he was shut out of Rudd that he would "beat his brains out; just watch."

Philip Burly, aged 18, was charged with an attempted indecent assault upon Annie S. Dyer, aged 4 years, at Embro, on Oct. 29. Burly was left in charge of the children in the absence of the farmer, for whom he was working, and his wife, and took advantage of the opportunity to attempt the assault. He left the village the same night, and was arrested at Ayr. Burly pleaded not guilty and was remanded for one week.

MINISTERS CONFER.
ONTARIO DEPUTATION SEE DOMINION MINISTERS RE IMMIGRATION.

Hon. Mr. Monteth Thought Work Overlapped—The Matter Talked Over—Other Confabs.

Ottawa, Ont., Nov. 7.—(Special.)—Nelson Monteth, Ontario Minister of Agriculture, and Thomas Southworth, Director of Colonization, arrived here today and had an interview with Hon. Frank Oliver and Mr. W. C. D. Scott, Superintendent of Dominion Immigration. The Ontario Department of Agriculture appears to think that there is overlapping between the work carried on by the Dominion and the Province in regard to the distribution of immigrants, and the views of the delegation were presented along these lines. On the other hand, the Minister of the Interior and his staff, there is no overlapping. The Interior Department at the present time only invites to come to Canada farmers, farm laborers and domestics. These the department distributes and no others. Besides these there are laborers who do not work on farms. The Ontario Government wants the Interior Department to distribute these. This work, the Interior Department says, can be carried on by the Ontario Government. The Ottawa Government wants to confine its distribution to those that bring here.

Mr. Oliver asked that the Ontario Government continue the work as at present. He did not think there was any overlapping. Of course, there might be a little between officials, but it was not at all serious. Mr. Monteth afterwards saw Mr. Fisher and had a talk with him on the work of agriculture in the Province. This afternoon Mr. Southworth and Mr. Scott will have a conference on immigration matters generally.

ST. GEORGE'S.
Anniversary Entertainment in the West End Church.

There was a large gathering of the parishioners of St. George's Church last evening in the lecture hall, when the anniversary services were held. The entertainment took the form of a lecture given by Canon Dixon, of Toronto. The subject was in connection with the Boer War, and Canon Dixon had a number of splendidly-illustrated views of different scenes in South Africa. The story told was "How the Bible Saved My Life in the Boer War," and it told of a young soldier enlisting and going to the war, and of his subsequent conversion while on the battlefield. After the lecture a committee of ladies of the church served light refreshments. Every one had a very enjoyable time.

MARKETS AND FINANCE

Thursday, Nov. 7.—Meat was a little easier on the local market to-day, and the tendency was downwards. The price of hogs was unchanged, but a good supply and poor sales will knock the price down a few points before afternoon. Vegetables were going well and the supply was unlimited. Fruit is still on sale, and apples are very plentiful and fairly cheap.

The grain market was dead yesterday and to-day, and hay and straw and hide markets were also slow.

U. S. CONTROL.

Favored by Ex-President Palma For Island of Cuba.
Havana, Nov. 7.—Dr. Estrada Palma, formerly President of Cuba, has authorized the publication of his views regarding American intervention. He declares publicly in favor of American control in Cuba. He says: "It is enough to satisfy my conscience this conviction of having saved my beloved country from anarchy, and its natural results of plunder and ruin." He continues, describing what he considers the criminal acts on the part of the revolutionists, and the necessity to call on the Americans to prevent a protracted and sanguinary contest. "If I did right or wrong time will say. That my attitude was immediately justified is proved by the sudden re-establishment of peace through the moral and material influence of the Americans. I do not hesitate to declare that it is a hundred times better for our beloved Cuba to be in a dependent political situation in which liberty is prevailing than in a republic independent of a sovereign, but discredited and ruined by blasting periodical civil wars." The letter is considered important, as Dr. Palma still commands a great influence with a large number of Cubans.

ASSAULTED A WITNESS.

Such is Accusation Made Against John Nevilles.
Niagara Falls Lad Pleads Guilty of Stealing Watch.
Dave Vint Sent Down on an Old Conviction.

John Nevilles, who was up a week ago and allowed to go as no evidence could be produced that he had received hides stolen from George Stroud, the offence with which he was charged, is again in the toils. Detective Bleakley landed him this morning, just after court was over, on the charge of assaulting Catharine Nevilles, who lives in the same house as Nevilles, but is no relation. Nevilles, according to the story told by the police, found out that Mrs. Nevilles was one of the crown witnesses against Brooks, arrested on the charge of receiving the hides, and he is alleged to have struck her and threatened to kill her if she "squealed" on Brooks. The police may again register the charge of receiving against Nevilles, and try him with Brooks, and Tomlinson who is on remand for vagrancy and complicity in the theft, may be made a co-defendant with them. The police think that since Nevilles assaulted Mrs. Nevilles she may be disposed to tell more about the case.

Harold Gray, Niagara Falls, a young lad who has been in the city for some time, pleaded guilty to stealing a watch from W. A. Walters on Oct. 25 last. He was elected to be tried by the Magistrate. It is said that he got the watch from Walters for the purpose of getting it repaired, and kept it instead. He was remanded for sentence.

David Vint, 180 York street, who was up on the charge of vagrancy on Sept. 25, was arrested for being drunk last night. The Magistrate had an inspiration and looked up the vagrancy charge, and read there that Dave had been fined \$20 for six months, which was not to be collected if he stayed away from the city. He imposed the penalty on the protesting prisoner, who had to go down as the stringency in the money market was hitting him rather severely. Tim Sullivan, Hess and Barton streets, showed up this morning in answer to the second invitation, and pleaded not guilty to acting in a disorderly manner, with which he was charged by Hannah Holley. The evidence showed that Tim used bad language to the complainant, and the Magistrate, after considering the case and the parties, told Tim he would have to find surties to keep the peace in the sum of \$1,000. Tim nearly fainted at that, and the Magistrate decided to give him another chance to be good, and let him down with a fine of \$5.

Arthur Simdwell, 106 MacNab street, said he did not assault his wife, but that she had two black eyes. He admitted. He explained that his frau had been drinking and had fallen and blacked her orbits, and in the absence of the wife this was taken as true, and Arthur was discharged.

Willis Sheeler, West avenue north, was charged by his brother with being drunk and disorderly. The brother did not want to prosecute, but the Magistrate imposed a fine of \$3 as a fee for the work the police did.

James Lovejoy was summoned on a charge of leaving the working material at Sir John A. Macdonald's monument unprotected by red lights. He said that he was employed by Thomas Fanning, and that worthy was responsible. The police immediately served Mr. Fanning with a summons, where he was sitting in the back benches. He pleaded guilty and was fined \$5.

Fred Matthews was sued by James Donnelly for \$5 wages, but the Magistrate had no jurisdiction over the case, as the money was the price of a load of sand delivered at the complainant's house.

W. H. Shaver paid \$5 for leaving some sand on Catharine street south without the necessary red lights.

R. O. & A. B. MacKay were sued by W. Walter and W. Burrows for \$5 wages each. The case was dismissed, as the \$5 was a bonus promised them if they finished a trip on one of the boats, which they did not do.

John Doherty, no address, and Harry Monton, Elgin street, paid \$2 each for being drunk.

COAL BARGE SUNK.
Watertown, N. Y., Nov. 7.—Two coal barges, the Onondaga and Black Diamond, both heavily laden with coal, were sunk off Stony Point light in Lake Ontario yesterday. The boats sprang leaks in the heavy sea. They are owned by Montreal parties, and were bound from Oswego to that port. The crews were rescued.

SNOW STORM.
Watertown, N. Y., Nov. 7.—A heavy snow storm, the first of the season, is prevailing in northern New York. It began at an early hour this morning and continued until 9 o'clock. Several inches of snow fell.

HAZARDS TURN TO DENTISTRY.
Schoolboys Pull Companions' Teeth and Threaten Worse Things.
Rockland, Mich., Nov. 6.—A new variety of hazing is reported here, where boys in the public schools have been accused of pulling the teeth of others and threatening them with the loss of their tongues. The latter threat has not been taken seriously, but their appears to be good proof that the teeth-pulling has been practised. Those who have suffered from it are either unwilling to betray or fear to tell on the perpetrators. One of the victims is said to be in a serious condition, having caught cold in his lacinated jaws. Parents of the victims are promising prosecution if they can learn who the guilty ones are, while authorities of the schools are investigating and also promise action.

HAMILTON CADETS

Will Have Chance to Shoot in Inter-colonial Match.
The Daily Mail of London, England, is promoting a world-wide inter-colonial shooting competition for Empire Day. Rifle associations throughout Canada have been written to by Mr. E. Wrench, editor, and it is said that the response has been very favorable. The inter-colonial match is considered important, and the necessity to call on the Americans to prevent a protracted and sanguinary contest. "If I did right or wrong time will say. That my attitude was immediately justified is proved by the sudden re-establishment of peace through the moral and material influence of the Americans. I do not hesitate to declare that it is a hundred times better for our beloved Cuba to be in a dependent political situation in which liberty is prevailing than in a republic independent of a sovereign, but discredited and ruined by blasting periodical civil wars." The letter is considered important, as Dr. Palma still commands a great influence with a large number of Cubans.

MADE NO EFFORT
To Help Catch the Mountain Purse Snatcher.

A number of men who were at work on buildings and roads in the vicinity of Herkimer street and Queen street and the Queen street steps are being severely criticized to-day for their actions on Tuesday, when two attendants from the Asylum, who were chasing the purse snatcher, called on these workmen to stop the fellow. The two attendants heard the screams of Mrs. Burgoyne when her purse was snatched, and they immediately gave chase. They pursued him in the vicinity of the Cricket grounds, and it was near there that they called on a number of men erecting a house to stop the man, who was gaining on them every step he took. The men merely watched the chase, and made no effort to stop the crook, although they could have done so easily. The attendants got into a buggy that was standing near and continued after the man, but on Charlton avenue he turned into a yard and they passed him. He came out after they had passed, and doubling in his tracks, made good his escape. The chase was watched by people on the mountain.

BACK TO MIMICO.
Richard Sinclair and Roland Stanley, who were sent to Mimico Industrial School from Toronto some time ago, escaped from that institution early in the week, and had been just about being taken across them in town yesterday and arrested them. They were taken back yesterday afternoon, and are again at work in the school.

FELL ON GRINDSTONE.
Sydney Taylor, employed at the Otis-Fensom Elevator Co., met with a painful accident this morning. He was working at a grindstone when he took a fit and fell forward on the stone. His face and body were badly cut and bruised by the stone before he was pulled away. Dr. O'Reilly was called, and he was removed to the City Hospital, where he is reported to be doing well as could be expected, and is said to be in no danger.
