Health and Ease to the ick!

HOLLOWAY'S OINTMENT. DISEASES OF THE SKIN.

Universal approbation has been awarded to this Cintment for its efficiency in removing diseases of the skin. For ecrofule, security scald heads, and all craptions of the skin both in infancy and mature years, no remedy can be applied which so quickly cured as Holloway's Cintment. In the sursery it should always be at hand to ease the many skin affections to which the majority of children are liable. In all heat and tooth rashes, sailors, miners, and travellers in foreign lands, it is invaluable. SORES, WOUNDS, BAD BREASTS, BAD LEGS.

In this class of maladies, an improvement in the appearance the disease of the patient, follows the first dressing with the

of the disease of the pattent, returned the arts attempt with Colument.

It must not only be smeared on the wound, or sore, but be briskly rabbed for some inches around about the disease sevollen or painful parts. It will penetrate to the blend vessels, nerves, and massels, and even to the bone, and will exercise the most wholesome power over every tissue requisite for through reparation. The effect of the Olutment is increased by fomenting with warm water before the Olutment is rubbed in; but some when healing should never be cleaned with sponge or any thing else, as the young and now flesh which appears like a cream, would be washed away. BLOOD TO THE HEAD, APOPLEXY.

Nothing gives so much case in these complaints from which so many suffer as Holloway's cooling and healing Ointment. When rubbed upon the spine, it acts most energetically in drawing surplus blood from the brain; even to children in teething; this Ointment has a miraculous effect in preventing fits, and convulsions, so often attendant on tooth cutting. The RHEUMATISM, GOUT, STIFF JOINTS. Every one suffering from those painful affections should see this purifying Ointment, as it has recensed thousands from a life of torture after every other means had been tried in vain. The Ointment should be well rubbed into the skin at least twice a day, after it has been properly fomested with warm salt and water, and dried. The inflamation soon yields, and the patient no longer helpless, resumes his accustomed occupation.

GLANDULAR SWELLINGS, BRONCHITIS, MUMPS, SORE THROAT, AND

DIPTHERIA. To combat those diseases with success, a remedy is required which will have the whole absorbed system under its control. Such a remedy is Holloway's Ointmest, when rubbed on the skin, it penetrates to the gland, and removes any obstruction or impurity which may be impending their healthy action. This Ointment acts on the very mainspring of life, for through the glans pass all new matter required for the body's reparation in all the above classes of cases, the Ointment and Pills used conjointly, will act so scearchingly, and certainly, as to effect cures in the most deplorable cases.

FISTULAS ATD PILES.

All inflammations and ulcerations of sensitive parts may be presently relieved, and ultimately cared by the diligent use of this cooling and healing Oliatment, aided twice daily by hathing the parts in cold water. Immediate case springs from this treatment; perseverance is necessary to effect a permanent cure. ASTHMA SHORTNESS OF BREATH.

In these complaints the Ointment should be well rubbed twice a day upon the chest, and between the shoulders, it will penetrate to the lungs, stimulate them to renewed enerties, prevent stagnation of blood, moderate the pulsations of the heart regulate the current of air through the bronchial tubes, and thus effect a permanent cure.

Both the Ointment and Pills should be used in the foll
