"BAYER" ARE ASPIRIN**

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nine-tenths of the cases of Rheumatism, Neuritis, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Always buy an unbroken package of "Bayer Tablets of Aspirin," which contains proper directions for Colds, Flu, and other ailments. There is only one Aspirin—"Bayer"—"You must say 'Bayer'". Aspirin is the trade name (registered in Canada) of Bayer's Manufacture of Monoacetylsalicylic Acid. While it is well known that Aspirin means Bayer manufacture, the public is misled by the fact that the name "Bayer" is used by other manufacturers with their general trade mark, the "Bayer Cross".

Fire that broke out shortly after a severe thunder storm last evening completely destroyed the main building of the London Collegiate Institute. It was one of the largest secondary educational institutions in the Province.

An exhibition of their paintings is to be held soon by the noted artists Mr. and Mrs. McMillivray Knowles at the home of Mr. Gordon Conn, Centre street. The Knowles are widely known Canadian painters and the appearance of their work here will be welcomed by their admirers.

The bathing beach of Long beach, of Port Colborne, on Lake Erie has been purchased by Mr. C. E. Hickey of Welland. A 30-roomed hotel is now almost completed and a number of new cottages will be ready by June. Roller skating, dancing pavillions, and bathing houses will also be provided. The grounds are being greatly improved for picnickers. A. Smith of Marshville has also taken an interest in the undertaking.

Expectations of a division on the McGreevy resolution were shattered in the Legislature last evening when the leaders of the various groups, satisfied that it would be impossible to get to the end of the list of speakers by midnight, agreed to postpone the wind-up of the debate and the voting until Tuesday when the whips will have every member in his place. The debate was late in starting yesterday, and fewer members were heard than upon the first day.

Legislation that will make possible the appointment of administrators to safeguard the estate of Ambrose J. Small, the Toronto theatrical man who disappeared on December 2 of last year and of whose whereabouts nothing is known, was introduced in the house yesterday by Hon. W. E. Rainey. The Attorney-General explained that while the bill was a general one the occasion was the necessity for the protection of the Small estate. There was no legislation on the statute books of Ontario to meet such a situation as that created by Mr. Small's disappearance, though similar measures had been enacted in other countries.

**ENGLISH CHURCH  
MAY HAVE WOMEN  
FOR CONFESSORS**

LONDON, April 23—Whether the church should provide women confessors is a question with which the Lambeth conference of the clergy of Great Britain, to be held in July, is threatened.

At a meeting of the National Union for Equal Citizenship, Miss Edith Picton-Turberville said that letters had been received from girls in various parts of the country pleading for women confessors in high Anglican churches.

The Rev. Henry Ross, vicar of St. Alban, a large parish in Holborn, London, does not hold out much hope for the suggestion, for in a recent interview he said women would not confess to women, who are pitiless to their own sex.

**Countryside is Being Who Made Off Evidently Had During the Night**

Nelson Miracle, the lithe y Indian is again at large and with enjoying liberty is Clarence B. alias Pritchard, alias Kenville, Miracle, as far as is known never resorted to an alias. He d need to. To him mere prison and stone walls are as nothing. Both Miracle and Brown scaled jail wall like flies this morning, departed in the general direction of the lake shore. The whole count side is out on the watch for the fugitives and they will likely captured before very long. They not get a very long start. Governor Bush shortly after clock this morning heard a rum and suspecting something had happened hastened into the jail, and was just in time to see Miracle and Brown disappearing over the wall. Right then it may be mentioned the mystery of how Miracle got of the jail yard on the 5th of September was explained and its mystery no longer.

**The Jockey Club Carry On Rate o**

If the Dominion Government say that Jockey Clubs may only five per cent of the pari-mutua receipts and at the same time the tario Government should insist collecting \$10,000 a day from tracks and \$5,000 a day from mile tracks, then it means that ing cannot carry on. Such was main feature of the claim of the utation of horsemen who waited Hon. Peter Smith, the Provint Treasurer; Hon. Manning Doh Minister of Agriculture, and Hon. E. Raney, Attorney-General at Parliament Buildings. It was pointed out as an example that the W bines' best record for a seven meet showed a net profit of \$4 and if the tax was increased to \$1,250 a day to \$10,000 a day, difference in taxation would be 250, thereby making a net loss \$21,250.

He had been drinking considerably and was known to be probably into the water accidentally and
