The cheapest house under the sun. Juring the siege of Sobastopol there was a great difference between the work done by the artillery of the allied forces, and the Rus-siaus. The reason was that the guns of the former were better mounted than those of their opponents. That's where the pictures framed by R. K. Sallows have the advantage of all competitors. He has picture framing reduced to a science, and makes fine mount-ings.

### To Cure & Corp.

There is no lack of so-called cures for for consideration, az, no doubt, they will profit by doing so. The subject is of too great importance to be disregarded, as anything that pertains to the improved quality of our products is of mutual in-terest to all parties. The other extreme, or dead ripe wheat, does not appear to be the object desired but a better state of maturity than wheat has been allow-ed to attain of late years.
