DISEASED GUMS AND TEETH.

Of all the poison taken into the blood, the germs and pus contributed by the diseased gums and teeth are the most destructive to the human system. If every red blood cell is forced to fight against numbers of germs to the cell, the blood cannot attend to the building up of the body, and it allowed to continue the system is bound to break down and eventually you are an invalid. Kidney, stomach, heart trouble, rheumatism and many other diseases are brought on by diseased gums and teeth.

Break Record after Record—The Great Educational Campaign, directed in the interests of the Methodist Church of St. John's.

The second quota for St. John's of \$200,000 has been subscribed by more than \$1,000, and now the magnificent working organization is out to surpass all previous days' records, and bring in for Monday night's report an amount sufficient to bring the grand total up to a quarter of a million dollars. This means that approximately \$40,000 must be secured between the report meeting Friday evening, and the meeting Monday night, and with the enthusiasm which prevails, everything points to a successful completion of this magnificent sum.

REID NFD. CO. BOOSTS.
Great impetus was given to the Campaign last evening, when that famous aggregation "Team 16" announced that a pledge of \$10,000 had been received from Mr. H. D. Reid, President of the Reid Newfoundland Company. This pledge was announced amid the greatest enthusiasm. The workers demonstrated their ap-

proval of this public spirited act by long applause. "Team 16," as all other teams, have made a splendid record in this Campaign, but the climax was reached last evening when Hon. R. A. Squires announced that his team had secured for the day \$14,095. This is the best record of any team in a single day.

When Mr. C. R. Duder announced the Reid Nfd. Co.'s subscription, Hon. R. A. Squires immediately moved that an acknowledgment be sent by wire to Mr. Reid in New York, expressing the high appreciation of the Campaign Organization for his splendid gift. The motion was seconded by Capt. A. Kean, and carried unanimously by a rising vote.

CHAIRMAN H. N. BURT WINS.
Division "D" carried off the honours Friday evening, with the splendid total of \$18,175.50.

A MEMORIAL SUBSCRIPTION.
Mr. Joseph Peters addressed the meeting, and after giving several personal experiences, suggested that a number of subscriptions had been given in memory of friends who had

made the Supreme Sacrifice during the war, stating that such contributions would be graciously received and that proper notations would be made either in the College Home or in the additional part to the College Building.

FRIENDS INCREASE SUBSCRIPTIONS.

Capt. J. W. W. McNally stated that he had met some subscribers who informed him that if they had known of the magnitude of the project, they would have given a larger subscription. The meeting was of the opinion that there was yet time for them to reconsider their subscriptions and increase their amounts.

Mr. Hockenbury then gave some timely advice and suggestions, advising the teams that assignment cards were now abandoned, and that workers should again canvass those who were undecided or on "the fence." He promised that a large number of these would subscribe before Monday night. He expressed high appreciation for the work of the press, also the Banquet Committee, Mr. A. Soper and Mr. H. Blach. There will be no meeting to-night (Saturday). The final meeting will be held Monday night, a banquet to be served at 7 o'clock. Mr. Hockenbury stated that the final day was always the best, and as he had such a fine body of workers he believed that great things were in store.

After giving three hearty cheers for the General Chairman, the meeting closed with the National Anthem.

Pearlers' Profits.

"For a capital of £300, it is possible to find a fortune and in any case to make sufficient money in a few years to retire comfortably."

This statement was made to the writer a few days ago by one of the largest precious stone merchants in London, when talking of the profits of pearl fishing.

"The demand for pearls is far greater than the supply," he continued, "and I have advised and assisted several men, including two Army officers, attracted by the adventure of the undertaking, to try pearl fishing in the South Seas. £100 for passage and expenses; £80 for a lugger, £80 for gear, crew and stores for six months, leaving £240 for emergencies, is the total outfit.

The first six months fishing should yield at least two tons of mother-of-pearl shell. This sells in a market which fluctuates between £100 and £200 a ton, and will cover all initial outfit. In addition, of course, there is always the possibility of finding good pearls, which may be worth anything from £50 to £1,000 each. Pearls are not only scarce, but the

The Majestic.

"The Majestic is the favorite resort these warm nights for each evening finds it filled to the doors. 'The Argyle Case' last night was proclaimed by movie critics as the best detective film ever projected upon a screen. The leading roles were enacted by Robert Warwick, Elaine Hammerstein, Mary Alden and Geo Cooper. Through the story runs the mystery, 'Who Killed John Argyle?' See this picture to-night, and you will know who was the murderer. Mr. John O'Reilly's renditions of 'The Veterans Song,' and 'I Hear You Calling Me,' was a decided hit, and many remarked that it was a pity he has now to refrain from singing.

Mrs. J. Murphy, the great Violinist, will be heard for the first time in St. John's at "Eliza Comes to Stay" on Tuesday, the 17th.—June 13, 21.

Newfoundland Motor Association.

In reference to the appeal for care to take wounded and disabled soldiers for drives, and the letter from Lieut.-Colonel Bernard supporting this appeal, members of the Association (and others) who are able to place their cars at the disposal of the Soldiers are requested to communicate immediately with the undersigned.
If the Superintendents of the different Soldiers' Hospitals will communicate (preferably 10 a.m.) with Telephone 567 on days suitable for driving, stating at what time cars are desired and how many men it is desired to accommodate, an earnest effort will be made by the Newfoundland Motor Association to have all the cars desired provided.
